MELLON RENEWS DEMAND
FOR REDUCED SURTAXESTreasury Secretary Also Asks for
Repeal of Publicity Provision
and Gift Levy in New Law

(EXCLUSIVE DISPATCH)
WASHINGTON, Dec. 4.—Secretary of the Treasury Mellon in his annual report made public today renews his recommendation for the adoption of features of the so-called Mellon tax plan which were not incorporated in the Revenue Act of 1924. He also urges the repeal of the publicity provisions of the 1924 act.

The Secretary sets forth his views on the whole problem of taxation without attempting to urge action at the present session of Congress.

Secretary Mellon also discusses the country's general economic situation and forecasts years of "prosperity and healthy conditions, such as succeeded the election of 1924," in view of the repudiation at the last election of theories inconsistent with economic laws.

The lifting of the tax burden, although slight as the decrease has been, has done much for business, Mr. Mellon said, and he expressed the hope that more could be done soon.

Chief recommendations are for a lowering of the higher surtaxes to a point below the level to which Congress cut them in the last session, and a reduction in estate taxes, which were raised in the last Revenue Act. The new gift tax, which was added on the floor of Congress, is denounced as unworkable, and as unduly hampering legitimate business.

Secretary Mellon says that the Board of Tax Appeals is functioning satisfactorily, and that no amendments are needed. He proposes the repeal of the provision for public hearings before the Board of Tax Appeals, which he says is a "dead letter" and a "hindrance to the work of the board."

"Taxation," says the Secretary, "should not be used as a field for socialist experiments, or as a means to punish success, but as a means of raising revenue to support the government. Taxation is a social duty, and the government has no right to tax for the purpose of punishing success."

The last two preceding Secretaries of the Treasury, both under administration, have presented to the Congress the same economic viewpoint with respect to high surtaxes as that which was advanced by a Treasury Department during the recent tax legislation.

"It is a fair supposition that, except for the exigencies of partisan advantage in a session of the Congress before a Presidential election, there would not have been a very great difference of opinion as to the wisdom of the repeal of the publicity provisions of the 1924 act, and the repeal of the gift tax."

Secretary Mellon strongly urges repeal of the publicity provision of the law.

"The Revenue Act of 1924 added to the requirement that the names and addresses of all taxpayers and the amount of tax paid by each be open to inspection," says Mr. Mellon. "At the same time Congress specifically re-enacted Section 1147 which penalizes the printing or publication of any part of the returns."

"The repeal of the publicity provision of the law would be a step toward the reconciliation of the right of privacy, which should be insured to all citizens in the spirit of the Fifth Amendment to the Constitution, with the right of the Treasury to have full access to the complete returns and all books and papers of each of these taxpayers."

SPURS TAX-DODGING
"It is difficult to imagine any one thing which would be a greater spur to the efforts of all taxpayers to evade the law."

Trains Crash at
Oakland

Forty Injured in Collision on
Key Route Pier; Many
of Whom May DieBelieve Slippery Rails Cause
of Disaster; Unknown
Hero Saves Lives

(BY A. P. NIGHT WIRE)
OAKLAND, Dec. 4.—A Sacramento Short Line train crashed into a Key Route train near the Key Route pier here in a rear-end collision today, killing six persons and injuring forty others so badly that six more persons may die. A score of those less severely hurt were able to continue to their work in San Francisco or returned to their homes on the east side of the bay.

It is believed that the cause of the crash was the fact that the Sacramento train was running on a track which was not properly marked, and that the Key Route train was running on a track which was not properly marked.

Responsibility for the crash was placed by W. R. Alberger, superintendent of the Key Route System, on the crew of the Sacramento train, in a statement issued this afternoon. He said the Sacramento train passed block signals ordering it to stop. Alberger said:

"The first car of the Sacramento train, stuck to his post and was injured probably fatally. That he did when he saw the stalled train in front of him must await the report of expert investigators tomorrow."

LIST OF DEAD
The dead are:
Cyrus C. O'Connell, manager of the Spencer Lens Company, 45 Second street, San Francisco.
C. M. Doty, 30, chief cashier of Schwabacher & Co., brokers of San Francisco.
Frederick J. Gibson, mechanic at Goat Island Lighthouse.
Frank B. Hipp, 31, of 2728 Rhoda avenue, Oakland, an engineer of the Key Route, who was a passenger on the local train. He was married two months ago.
Miss Lillian Johnson, 25, 1332 1/2 Broadway, San Francisco.

RUM-RUNNER TORTURED

Other Members of Smuggler Gang Threaten to Get
Citizens Who Hanged Pal by Thumb

(EXCLUSIVE DISPATCH)
SAN FRANCISCO, Dec. 4.—Hanged by the thumbs until he confessed the names of his confederates was the fate of a rum smuggler at the hands of a Pescadero vigilante committee, it became known today.

Because of the torture, smugglers have threatened to "get" everybody in Pescadero, and residents have armed themselves preparatory to invasion by the smugglers.

Seizure of 140 cases of Scotch whisky and the hanging, done by enraged citizens who assert their town is no smuggler's cove, has precipitated a war between Pescadero and smugglers.

TO PREVENT BLOODSHED
After receipt of a report that Pescadero men had been informed they would be shot to death unless they either paid for or returned the seized whisky, Sheriff T. C. McGovern of San Mateo county, with a posse of deputies, left this afternoon for Pescadero to prevent possible bloodshed.

Threats of the smugglers to "get" certain prominent citizens of Pescadero dates back several months, when the whisky was found hidden in the dunes near the mouth of Pescadero Creek, midway between Pescadero and Pigeon Point. After the liquor was found, it was watched. Then one night, under cover of darkness, one of the

Main Aid in Solution of
Their ProblemsPresident Visits Stockyards
and Inspects Cattle;
Ground at Station

(BY ARTHUR EVANS)
(EXCLUSIVE DISPATCH)
CHICAGO, Dec. 4.—President Coolidge, in a practical New England farmer, looked at the world's largest stock market today and gave his views on how to make the business permanent for the farmer who sells it. What the president said at the Stock Exchange, in a fair show, was that the farmer will take care of himself and help take care of the rest of us.

President Coolidge's visit to the Stock Exchange was the first of his tour of the country. He will be in Chicago today and will leave for New England tomorrow.

GIRDING FOR
HOT FIGHTGovernor Moves
for EconomyAwaits Biennial Tussle With
Pork Barrel Brigade at
Session OpeningSays Assembly Chairmanship
is Assured to Merriam;
to Battle Waste

(BY KYLE D. PALMER)
"Times" Staff Correspondent
SACRAMENTO, Dec. 4.—Gov. Richardson is preparing for his biennial tussle with the pork-barrel brigade and the group of Johnson-McCabe machine politicians in the State Legislature whom he terms the progressive spendthrifts. The forty-fifth biennial session of the California Legislature will begin Monday, January 1, and promises to develop a number of exceptionally acute controversies involving both governmental policies and politicians' personalities.

A test of strength between the Governor and his adversaries will occur immediately after the Legislature convenes when a Speaker of the Assembly is chosen. The result of this contest, which has become of unusual importance in view of the hope of foes of the Richardson administration to capture the speakership and wreck the Governor's economy plans for 1925 and 1926 will virtually determine the course of legislation in the lower house.

As to the outcome of the speakership fight the Governor told the press today he had no concern. He said that the speakership would be chosen by the people themselves, and that he would support the candidate of the people.

NORTH HALF
OF STATE IS
MOISTENEDRain Falls in Bay Region
and Central Valleys With
More in Sight

(EXCLUSIVE DISPATCH)
SAN FRANCISCO, Dec. 4.—A rainstorm which is adding materially to the precipitation already reported over Northern California struck the bay district early today. Up to 5 o'clock this morning the rain had not commenced to fall in the Santa Clara or San Joaquin valleys, but during the day reports of substantial downpours were received from the whole of Central and Northern California. At Fresno only a trace had fallen up to 1 o'clock this evening, but the weather forecast promises further rains for the Southern San Joaquin Valley tonight and tomorrow.

A foot and more of new snow has fallen at the summit station in the Sierra. The heaviest precipitation during the present storm is that about the bay district. The rainfall figures for the twenty-four hours ending at 5 o'clock this evening follow:

	24 Hours to 5 P.M.	Normal to 5 P.M.
Fresno	1.5	0.0
San Francisco	0.5	0.0
San Jose	0.5	0.0
Stockton	0.5	0.0
Yuba City	0.5	0.0

British Columbia
to Stiffen Fight
Against Asiatics

(BY A. P. NIGHT WIRE)
VICTORIA (B. C.) Dec. 4.—The fight against Japanese penetration in British Columbia is to be carried on with more determination than ever, A. W. Neill, chief Asiatic campaigner in the House of Commons, announced here today.

Brazil Explains
Visa Suspension
by Tokio Consul

(BY CABLE AND ASSOCIATED PRESS)
RIO DE JANEIRO, Dec. 4.—In explanation of the action of the Brazilian Consul at Tokio in suspending visas to Japanese immigrants to Brazil, it was stated at the Foreign Office today that Brazil had stopped allowing the entry of immigrants from all countries until the government was assured all persons arriving as immigrants could be satisfactorily placed.

California Put
in Fifth Rank in
Bank Clearings

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Dec. 4.—California enjoys fifth position among the States in the volume of its bank clearings, it was announced here today by the California Development Association. At the last recapitulation the reading was \$1,298,606,000 for the five largest cities with the San Francisco figure standing at \$674,400,000 and Los Angeles at \$564,821,000. The only State exceeding California figures are New York, Pennsylvania, Illinois and Massachusetts.

SON OF MAYOR ROLPH
REPORTED IMPROVING

(BY A. P. NIGHT WIRE)
BOSTON, Dec. 4.—Definitely on the road to recovery, James M. Rolph, III, son of Mayor Rolph, of San Francisco, showed further signs of improvement here today, where he has been ill with typhoid fever contracted in Egypt while a cadet on the President Van Buren.

BLIZZARD RACKS MIDWEST

Central States from Texas to Canadian Border Swept
by Wintry Storm; Communications Paralyzed

(EXCLUSIVE DISPATCH)
CHICAGO, Dec. 4.—Old Doreas opened wide the storm gates of winter today. From the Rocky Mountains through the Mississippi Valley and from border to border the storm king unleashed the frigid elements.

Snow, sleet, rain and freezing temperatures, riding on the crest of heavy gales, swept over the Dakotas, Colorado, Wyoming and the panhandle section of Texas, and through Kansas, Missouri, Nebraska and Iowa, according to weather reports.

Chicago tonight is practically cut off from the whole West. Telephone and telegraph communication in the affected area is paralyzed, highway traffic is reported greatly hampered and passenger and freight trains are unable to maintain their schedules. Fragmentary reports seeping over the crippled wires report live stock suffering from severe temperatures in the mountain States. In many places business has about suspended.

Through Nebraska and Iowa, the storm started about midnight last night and continued unabated today. Wires soon gave way under heavy coatings of sleet and frozen snow and by morning many cities were completely isolated. Telegraph and telephone companies report hundreds of poles and trees felled by the high wind. Three to five inches of snow fell in that section, following earlier heavy rains. Reports usually relayed at Omaha were sent by radio from the grain exchange station there. In that section, however, the storm is a drought of nearly four months and it is said the moisture will be of inestimable value to winter wheat.

From North Dakota comes word of eight inches of snow with rain and highway traffic badly delayed.

From the Dakotas the storm is sweeping down almost to the Mexican border. Northwestern Texas is under a heavy blanket of snow. It is through Colorado, Wyoming and Texas that the range cattle are being driven from the severity of the weather.

The storm crept quietly in upon Chicago during the night from the southwest after striking a blow of serious proportions through Kansas and Missouri. Mixed snow and rain swirled by heavy winds prevailed throughout the day and night.

There is no sign of a let-up, the Weather Bureau here reports. In fact, it says, the "reasonable weather" will continue sweeping on East to the Atlantic States. Storm signals have been raised over Southern Lake Michigan. Northern

MISSOURI VOTE COUNT FINISHED

Official Returns Certify
Coolidge Success

Victory of G.O.P. Man for
Governor Surprises

Democrats Control Assembly
on Joint Ballot

(EXCLUSIVE DISPATCH)
ST. LOUIS, Dec. 4.—An official count of the ballots in the recent election shows that in the State of Missouri, President Coolidge had a plurality of 77,880 over the Democratic nominee, John W. Davis. The vote is: Coolidge, 650,283; Davis, 572,403. La Follette was credited with 84,180. Coolidge landed but 630 ballots of equalling the combined total of both Davis and La Follette.

The result of the Presidential race in the State caused much surprise, even to Republicans. Many of them had believed that Davis would win by a small vote. But there was an apparent reaction in the last few days preceding the election, in which there was a decided swing to the Coolidge bandwagon.

WILL NOT CONTEST
The vote on the Governorship of the State was even more surprising to many than the Presidential contest. Sam Baker, Republican, in the official count was declared the winner by a plurality of 5,472. The tabulation as made by the State gave Arthur W. Nelson, Democrat, a gain of 1809 votes over the unofficial figures and for a time there was talk of a contest on the part of Nelson. This idea has been set aside, Nelson announced.

"I have decided to accept the State recount as authentic," said Nelson, "and I am out of politics. Some of the so-called Democratic counties were disappointed in me, but that is all past history now. St. Louis gave Baker 42,000 plurality, which was about what I had estimated. I realized I could make no showing there, so I devoted my time to the out-lying districts. There, however, I was disappointed at the showing."

As the situation now stands in the General Assembly, the Democrats control on joint ballot. On the returns in the election, the Democrats have ninety-five of the 184 members of the joint session, their total being made up of twenty-three State Senators and seventy-two House members and eleven State Senators. A majority is ninety-one.

Due to this close margin and due to the fact that several Republicans were defeated by close margins, it is likely contests for seats in the General Assembly will be held. For instance, Dr. Jesse S. Sargent, Republican, who was defeated by Charles G. Goodnight for Representative in Idaho county by fourteen votes, is expected to contest the election of Fred Frye, Democrat.

Canny Fisher
Fishes Where
Fish Abound

(EXCLUSIVE DISPATCH)
DENVER, Dec. 4.—Angelo Norsik pleaded guilty to a charge of breaking and entering, when arraigned before Judge Thomas M. Cotter in the Recorder's Court Friday. He was charged with breaking into the Michigan Live Fish Company, 5215 Harvard street, to steal a fish for his dinner.

Patrolman William Dodge, of the Canfield station, arrested Norsik when he happened to look through a window of the place and saw Norsik, with a lighted match in his hand, peering into a large tank in which fish are kept. Norsik was using the light to bring the fish to the surface, and was then catching them with his hand, the police say.

Norsik was held on \$500 bail, to appear before Judge Christopher E. Stein Monday for arraignment on information.

FATAL AUTO ACCIDENT
(EXCLUSIVE DISPATCH)
SUPERIOR (Ariz.), Dec. 4.—Manuel Angulo, owner of a pool hall at Mesa, died here from injuries received when his automobile turned over on the highway ten miles west of this point. Owner and Operator of
this famous Broadcast-
ing Station.

KFI LOS ANGELES

GILFILLAN BROS., INC.
Los Angeles, Calif.

Gentlemen—
I have tried out, amongst twenty-five or twenty-six other sets, your Gilfillan Neutrodyne Radio. Receiving set for four or five days. I wish to comment upon this set. The finish, the detail work, appearance and electrical construction and finish are designed in very attractive. The set is quite selective running within six or eight blocks of a 500 watt broadcasting station. The quality is most excellent, and the range is as good as any set I have been able to find.

I can certainly recommend this set to my friends.
Yours very truly,
Eugene Anthony

TEXAS REFINERY AWAITING SUGAR

LARGE PLANT AT TEXAS CITY
READY FOR CUBAN CROP;
PRODUCT HUGE

(EXCLUSIVE DISPATCH)
TEXAS CITY (Tex.) Dec. 4.—By the time of the arrival here this month of the first cargoes of the new raw sugar crop of Cuba for the refinery of the Texas Sugar Refining Company, there will have been installed in the company's plant automatic conveyors, which will be operated in conjunction with the battery of four electrically operated sugar scales. These scales were installed by the United States government in order that accurate weights might be had of all raw sugar imported for the refinery. Each scale is of 2500 pounds weighing capacity.

When the refinery resumes operations after a temporary shutdown between seasons, it will turn out refined sugar at the rate of 1,000,000 pounds a day. The plant, with its operating capital, represents an investment of \$5,000,000, it is stated. It will be enlarged as the occasion may demand. It is owned by Peabody, Houghteling & Co., of Chicago. Raw sugar from Cuba is shipped to Texas City, and here in its crude state is passed through the process and emerges a snow white product ready for consumption, purified, cleaned and handled in the most sanitary of methods known to science. To supply the Texas plant more than 100,000,000 pounds of raw sugar were shipped from Cuba to Texas during the last year, forty-six ships being required to transport it.

WOMAN IN FIREARMS CASE AT PRISON FREED

(EXCLUSIVE DISPATCH)
PHOENIX, Dec. 4.—Mrs. C. E. Howard, arrested last summer on a charge of having taken firearms into the State penitentiary, where her husband is under sentence for forgery, has been released in the local Superior Court, which sustained an application in habeas corpus. Judge C. F. Struckmeyer decided that the evidence was insufficient to show probable cause. No appearance was made by the County Attorney of Pinal county, in which the offense was asserted to have been committed.

Pete Bordino Sets New
at Culver City

Pilots Fiat Around B
131.6 Miles Per Ho

Durant's New Front-
Car May Not Enter R

BY CHARLES WEST

The world's speed record about as durable these days as a strawberry ice cream cone. August, the mark having broken for the third time the past week yesterday. Pietro Bordino, press-agent for the "Mad Mullah of Speedway," wheeled his Fiat around the new pits at Culver City at the rate of 131.6 miles per hour.

Bordino, who was practicing the postponed Thanksgiving classic, which is to be held Sunday, held his four down for thirteen laps, 35 4-5 being the longest time he took on a round trip, and 24 1-4 the time for two laps. Two rapid turns at the end of the track, in the second lap, followed by the record-breaking circuit of 34 1-4 miles after which Bordino turned into the pits amid loud cheering from the couple of thousand enthusiastic rail birds who turned out yesterday's practice.

OLD RECORDS
Tommy Milton, who set the world's record of 129.31 miles per hour Saturday, while his Fiat topped this achievement with a few laps at 130.8. The reign of the speed champion after which Bordino is furnishing the fans a story of arguments.

Milton also contributed a many laps to the amusement of the fans yesterday, driving a "rain" colored, space-hopper, around at a dizzy speed. He set several laps in 34 4-5 seconds credit. Bob McDonough also set a few warming-up circuits before a few warming-up circuits.

Peter De Paolo, urged on by Fred and August Duesenberg, whizzed around at 128.6 miles in a brush with Wade McDonald and McDougall, who gave him a De Palma was also experimenting with his car, while Leonard's white wagon was in the most of the afternoon.

DURANT TROUBLED
It seems quite doubtful whether Durant's front-drive car will be in shape for the race. The new motor was evidently strained in Durant's speedy run the other day, and requires considerable work before it is ready for competition. It is not in shape Durant probably drove his No. 4 Miller Credit for Bordino's record to Francisco Rosso, chief engineer for the Fiat factory, who has been tuning up the car since the race. Rosso finally found gasoline which equals the one he is accustomed to having in the fuel having been especially for him this week.

LIGHTWEIGHTS IN TITLE GRID GAME

Glendale and Pasadena high's lightweight eleven will meet today on Broadway Field, Glendale, in a game which will settle the Southern California prep championship. The Dynamiters, coached by Al Butterfield and Harry Hicks, defeated Huntington Park, three times champion, last week and are favored. Pasadena downed Anaheim in its semifinal contest, but is said to be stronger now as it has added a couple of men who were originally playing with the unlimited Bulldog eleven. The game starts at 2:30.

which was followed by calisthenics. They will rest tomorrow in preparation for Saturday's contest with the Hawaii eleven, champions of the Territory. Capt. Dave Ridderhoff of the Occidental team will be unable to play, it was learned today, as his shoulder, injured early in the season, has not improved as rapidly as was expected. Ridderhoff's position will be taken by Roy Wheeler, a regular halfback, whose place will be filled by Purser.

The Deans rule favorites over the Tigers, although all who have seen the fast continental team in practice agree that the game will be hard fought. Coach Klum has brought his men through the season undefeated, and has them primed for the Occidental game, which holds the interest of every sportsman in the Territory of Hawaii. A crowd of 15,000 is expected to witness the contest.

Klum's men will outweigh the Tigers slightly, and have the advantage of the climate, to which the Occidental men are unaccustomed. Willie Wise, quarterback, and Johnny Morse, fullback, are expected to star for the Hawaiians, the latter's kicking having featured his work this season.

FORMER LIGHTWEIGHT KING

Jimmy Britt was lightweight champion of the world a score of years ago. Today Jimmy is appearing at the Pantages Theater in a short act. The great fighter of old is still handy with his dukes as is shown in the above picture, the photographer catching him in the act of pounding out a story.

TOM GALLERY WINS OVER BILL THOMPSON

Tom Gallery, diving champion of Mexico and Hollywood motion picture star, went into first place in the Hollywood Athletic Club squash tournament yesterday, defeating Bill Thompson by scores of 21-16, 17-21, 21-11. Thompson is the conqueror of George L. Eastman, who was regarded as the champion of the club, and his defeat came as a surprise to the large gallery that assembled to witness the match. Dan Jones and Thompson took the lead in the doubles, winning over Gallery and Frank Borzage in straight sets, 21-14, 21-16. Next week Dan Jones meets Bert Hartwell Wednesday. Dave Butler meets Frank Borzage Thursday and Tom Kennedy takes on Walter Long Friday. Long and Kennedy should provide plenty of thrills with their "butcher-squash" tactics.

— Sure

A man should be sure he's right the club, and his defeat came as a surprise to the large gallery that assembled to witness the match.

OXY CASABA MEN AT WORK

Prospects for a Title Team Are Brilliant

Freshman Material of Last Season Big Asset

Grid Men Now in Honolulu to Increase Squad Soon

With excellent prospects for a conference championship team urging them on, Occidental's basketball men are hard at work each day, under the supervision of Coach Oak Smith. Although several valuable members of the squad are in Honolulu with the football team, Coach Smith is rounding his available material into condition for a tough season.

The presence of Ross Parks and Louis Mallette, who were ineligible last season, will materially help the Tiger cage squads. Parks came from Torkeo College of Missouri, where he starred as a forward. He has an unerring eye, being able to locate the hoop from almost any angle.

Mallette is a transfer from Redlands University, where he was a shining light on the court when the Bulldogs had their championship team. This season will close his varsity competition.

Sid Nichols, football coach, will assist Smith with the casaba athletes when he returns from Honolulu. The grid men who will turn out for the Oxy quintet on their return from the islands are Solly Mishkin, forward, Dave Ridderhoff, guard, Ebers, guard, Gregory, guard, Goddett, guard, and Capt. Larry Johnson.

Occidental opens the season on January 2 with the Whittier Peas in the Whittier gym.

Redlands Cage Prospects Are Looming Rosy

REDLANDS, Dec. 4.—Varsity basketball practice is now under way in earnest at the University of Redlands and a number of casaba experts have responded to the call of Coach Cecil Cushman. The prospects would indicate that the outlook is good except for the filling of the two guard positions, a gaping hole having been left there last year when Don Thompson and Manning left school.

Leslie Hoesgood, captain of the team this year, has come through the football season without a scratch and is in fine shape. Chief McGilbra is also playing a fast game in practice, while Belcher and Jeffers are also doing clever work.

One man who was not eligible last year, being a transfer, will be of real value this year. This is Ray Cargille and it is believed that he will add great strength to the shooting work of the varsity squad. Nelson Painter and Johnny Brubaker, two crack men with the freshman squad last year, are showing up well. Pettibone, Moore and Wiley are also working for places on the team.

With Drake, Curry and Bell all pitching good ball, Central avenue fans hold out little hope for the Tigers. These pitchers, given a few runs by McNair, "Home-run" Moore, Carr and Day, are tough hoppers to beat. Tomorrow's game starts at 2:30, while Sunday's double-header, the first to be played at White Sox Park, will begin at 1:15 o'clock.

Bakersfield Squad Plays Lemoore Crew

BAKERSFIELD, Dec. 4.—Two football games of great local significance are scheduled for the week-end. Saturday afternoon, at Hanford, the Drillers will meet Lemoore for the San Joaquin Valley title. The game will be played at the Hanford baseball park, and not at Lemoore as previously announced.

Friday afternoon, at Griffith Field, the Bakersfield High School lightweights will meet the Reedley lightweights for the valley title. This game is expected to attract a large crowd. The local light-weight team has won the right to play off for the valley title.

EASTERN TEAM SEEKS GAME WITH LOCALS

An inter-sectional high school football game might become a reality if either Polytechnic or L. A. High would meet Champaign High, claiming to be Middle-Western champion, in a post-season game here before January 1.

Gwynn, Wilson, graduate manager of the University of Southern California, is the bearer of such tidings, having received a challenge from the eastern team yesterday. Champaign wants to meet the best eleven in Los Angeles. The game could not be staged however, since both Poly and L. A. have disbanded their teams because of the ruling forbidding Los Angeles teams playing post-season football.

**SQUEEZING OUT
CHINESE LABOR**

**British Columbia Committed
to Anti-Orientalism**
**May Forbid Employment of
Races Together**

**"If Any Starve Will Not be
Whites," Says Official**

(EXCLUSIVE DISPATCH)
VICTORIA (B. C.) Dec. 4.—British Columbia's determination to protect itself from oriental penetration was indicated by two important developments recently introduced in the Provincial Legislature of a bill which would forbid the employment of oriental servants and white girls in the same household; and the action of A. M. Manson, provincial attorney-general, in writing to employers of labor and, to use his own words, telling them that if any men are to starve this winter for lack of jobs they should be oriental, and not white men.

The bill forbidding the employment of orientals and white girls together is a direct upshot of the murder of a nursemaid in a fashionable Vancouver house. According to evidence taken at two inquests a Chinese servant was the only person in the house besides the maid when the murder was committed but no evidence against him was produced and no charges laid. Numerous organizations, however, interested themselves in the matter and sponsored the anti-oriental bill now before the assembly here. Meanwhile a large number of white servant girls have left homes in Vancouver, refusing to work with Chinese, following the murder of one of their number.

The Chinese of this Province protested officially against the enactment of the proposed law through the Chinese Consulate in Vancouver. Officials of the Consulate, at an interview with John Oliver, provincial premier, declared that the measure was absolutely unjustified and raised an unfortunate racial issue. In any case, it was pointed out, it would injure those whom it was supposed to help because it would result in the dismissal of many white servant girls, employers preferring Chinese to white cooks. A stormy debate on the proposed bill is expected.

The action of the attorney-general in urging employers to give preference to white men in white households is in line with the government's declared policy of "attrition" against Asiatics—a policy which already has reduced the number of orientals in industry here substantially.

**Gov. Richardson
Denies Request
for Extradition**

(BY A. P. NIGHT WIRE)
SACRAMENTO, Dec. 4.—Gov. Richardson today denied extradition papers for the return of Mrs. Mrs. Shaffer from Los Angeles to Jackson City, Mo., on a charge of enticing her two children away from Arthur L. Hayward, her former husband. The application for a warrant was denied following a hearing attended by Mrs. Shaffer, who is said to have taken the children from Jackson City to Los Angeles contrary to a divorce decree.

**GEN. AMARILLAS GOES
TO SCENE OF UPRISING**

(BY A. P. NIGHT WIRE)
MEXICO CITY, Dec. 4.—Gen. Jose Amarillas, commander of military operations in the State of Guerrero, who came here to attend Gen. Calles' inauguration, left hurriedly for Chilpancingo to direct troop movements against scattered uprisings in Guerrero resulting from dissatisfaction with the results of the State elections. The War Department considers the risings purely local.

**WAR PRIEST
STIRS PARIS
WITH DEFY**

**Letter Shows Religious
Folk Propose to Remain
Despite Persecutions**

(BY CABLE—EXCLUSIVE DISPATCH)
PARIS, Dec. 4.—The determination of religious folk of France not to leave their country, even though persecutions against them may be renewed, is strikingly shown in a letter from Rev. Paul Doncoeur, S.J., a war hero, to Premier Herriot, publication of which has caused something of a stir here. The author of the letter is an officer in the Legion of Honor and was decorated nine times on the field of battle.

Passage of the amnesty law, of which Premier Herriot was a strong supporter, permitting the return to France of insurrectionists, deserters and traitors, evidently aroused Father Doncoeur to write the letter. It recalled to his mind, he says, the sorrow he felt in 1902 when he was forced to take a train for Belgium in order to remain true to his religious vows.

"I lived twelve years in exile," he writes, "from the age of 22 until the age of 34, the best part of a man's life. I forgive you for it. But on August 2, 1914, I was on my knees before my Superior. 'Tomorrow it is war,' I said, 'and my place is on the firing line.' After describing several of the engagements in which he was thrice wounded, he said after he was demobilized, he 'committed the crime of staying at home—of not going to the front—and now you show me the door.'"

"Never, during fifty months," he writes, "did I see you anywhere talking about your laws on religious liberty and yet you dare produce them today."

"But leave us as we did in 1902? Never. Today we have more blood in our veins, and then, you see, as soldiers of Verdun we were in the right place to learn how to hold our ground. We shall not be afraid of political slanders."

**Radio Compass
Saves Liner Day
in Test Journey**

(BY A. P. NIGHT WIRE)
WASHINGTON, Dec. 4.—Tests of a new radio ship compass on the last voyage of the Shipping Board liner, President Pierce, gave signal proof of its great value to navigation, the master of the President Pierce reported to the radio division of the board here today.

When his ship was leaving Hongkong for Shanghai in typhoon weather he lost his bearings and was unable to find the position of his ship through a radio signal sent out by the President Hayes, then in sight of the Heilsa Light. The use of the device then saved the liner on the trip saved the President Pierce twenty-four hours.

**BRADEN WOULD LIMIT
REVENUES TO NEEDS**

**LARGE SURPLUS IN TREASURY
OF SELF-SUPPORTING
AGENCIES OPPOSED**

(BY A. P. NIGHT WIRE)
SACRAMENTO, Dec. 4.—H. R. Braden, a member of the State Board of Control, who is preparing the new biennial budget for Gov. Richardson, announced today that he believes the revenues of State self-supporting agencies, exclusive of the State Harbor Commission, should be limited to their needs rather than to permit them to pile up large surpluses in the treasury.

If Braden's ideas are carried out the revenues of these agencies would be regulated to meet their budget appropriations for the next two years, as agreed upon by the department heads, the Board of Control and the Governor. Braden favors the enactment of legislation at the coming session that in the future will limit the revenues of the agencies to cover their budget allowance. This could be accomplished, he says, by reducing fees, licenses and charges collected by them.

Relative to the frozen surplus of the self-supporting departments, not including the Harbor Commission, that will exist at the close of this biennium, Braden is of the opinion the Legislature should leave each agency a balance to meet emergencies and revert the remainder to the general fund.

**THREE IN SMALL BOAT
FIGHT SEA THREE DAYS**

**MARINERS SAN DIEGO BOUND
RETURN TO BAY CITY AS
SEARCH IS PREPARED**

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Dec. 4.—After battling for their lives for three days in an open whaleboat, in which they were attempting a voyage from this port to San Diego, Gerald Brennan, Boston, Mass.; Frank Barry, San Francisco, and James P. Booth, Cambridge, Mass., returned here today just as two Coast Guard cutters were preparing to put out to sea to rescue them.

The three mariners, who were recent inmates of Marine Hospital here, put to sea Sunday in the twenty-four-foot boat. Monday they encountered heavy weather, and thereafter, until they reached port, it was a battle to keep the craft afloat.

Two Coast Guard cutters, apparently searching for rum-runners, and a number of steamers passed them without heeding their distress signals, the three men said. With the Golden Gate in sight all day yesterday, they were unable to make port on account of the high seas.

BUTS TEXAS FLOUR MILL
(EXCLUSIVE DISPATCH)
OKLAHOMA CITY (Okla.) Dec. 4.—Negotiations have been concluded by Frank Kell and associates for purchase of the property of the Texas Star Flour Mills at Galveston and it passed to the new management the first, according to an announcement by Mr. Kell at Wichita Falls.

A. E. Haviland would remain in charge as general manager. The Kell interests already own and operate four mills in Oklahoma and Texas.

**VANCOUVER MAN
TO STAND TRIAL**

**Canada Attorney to Return
for Rum Case, He Says**
**Bay City Counsel Tells Him
of Prohibitive Bond**

**Indicted Shareholder Eludes
Arrest, is Back Home**

(BY A. P. NIGHT WIRE)
VANCOUVER (B. C.) Dec. 4.—F. R. Anderson, Vancouver attorney, whose arrest in connection with the seizure of the Vancouver rum ship Quadra caused a sensation, this afternoon denied a report to the effect that he did not intend to return to San Francisco to face his accusers under the prohibition law.

"On the contrary," said Mr. Anderson, "I do intend to return, but not until just before time for the trial."

Mr. Anderson claimed to have received information that he would be rearrested if he returned on account of leaving the jurisdiction of the San Francisco court without permission.

In the event of his early return to the south and rearrest there he had information from Mr. McNab, his counsel in San Francisco, that a new bond of \$40,000 would be demanded, which would be prohibitive, he said. Nathan Bell, one of the shareholders of the Consolidated Liquor Exporters, who was indicted by the San Francisco grand jury in connection with the Quadra seizure and for whom a warrant was issued, has returned to Vancouver, without having been apprehended.

The Vancouver men for whom warrants have been issued do not intend to return out of the U.S.A., but will wait the outcome of the trials of those who have given themselves up and that of Anderson, they have declared.

**Honors for War
Service Will be
Awarded Tribes**

(BY A. P. NIGHT WIRE)
PENDLETON (Or.) Dec. 4.—Head men and chiefs of the three Indian tribes on the Umatilla Reservation, Umatilla, Walla Walla and Cayuse, will gather tomorrow afternoon to receive at the hands of Maj. Byron Sharp special certificates bearing the arms of the United States, and thanking the Indians for their participation in the World War. The certificates are signed by Calvin Coolidge as President of the United States, and will be issued tomorrow to all Indian tribes whose members served in the late war. A program is planned in connection with the presentation. Pendleton civic and patriotic organizations will be represented.

**SLEEPER MUST SERVE
TERM AS EMBEZZLER**

(BY CABLE AND ASSOCIATED PRESS)
MANILA, Dec. 4.—Charles H. Sleeper, former director of the Bureau of Lands in the Philippine government, must serve a prison term of three years, according to a decision of the Supreme Court here today affirming by a five-to-four vote Sleeper's conviction on a charge of embezzlement of \$15,000 from the Manila Building and Loan Association, while he was secretary of that organization. Sleeper came to the Philippines more than twenty-five years ago as a captain in a volunteer unit of the United States Army.

Liquidation Sale of English Estate Cuts Price of Citrus Groves in Suburbs of Riverside in Half

Sensational Offering of 3400-Acre Fruit Property in Heart of
Best Navel Orange District in California in Units of
Five Acres or More

Choicest Groves Loaded With Fruit \$500 to \$800 Per Acre
With Small Down Payment on Easy Terms

You pay less than real value of land and water rights and get Free Crops on Trees that at Present Prices Will Give You Big Cash Return, Best Type Concrete Irrigation System Carrying Water to Every Row of Trees, Improvements on Property Costing \$4,000,000, City Streets Fronting Each Grove, City Domestic Water Supply for Homes, Electricity and Telephone Service Available—and All Within 15 Minutes of Shops, Theaters, Schools and Churches of Beautiful City of Riverside With 37,000 Population.

Citrus Prices Highest for Years and Climbing Higher

This unheard-of sacrifice of values in the sale of the famous Arlington Heights Fruit Company's Orange and Lemon Groves—one of the most beautiful Fruit Estates in Southern California—gives you an opportunity to possess an ideal home-site in a wonderfully scenic location and with all its conveniences and advantages at the lowest price at which property of this quality has ever been offered—or ever again will be. Land experts declare. And REMEMBER THAT YOU GET

WITH IT AN IMMEDIATE INCOME THAT SHOULD TAKE CARE OF ALL PAYMENTS ON YOUR ACREAGE.

Citrus prices will be so high during the coming year, packing house men and experienced growers predict that heavy-yielding orange and lemon groves in a high-production district, such as Riverside, offer an absolutely unparalleled opportunity for investment, speculation or for a permanent homestead at these unheard-of prices.

Why We Are Selling These Choice Groves Below Actual Price of Bare Land and Water

From all of the millions of acres of prime fruit land in Southern California that could be purchased thirty years ago, a group of wealthy Englishmen selected the 3400-acre estate known as the Arlington Heights Fruit Company's property at Riverside. This acreage is noted for its deep, rich soil, perfectly drained and easily worked, capable of growing any crops that will thrive and make money in this climate. The owners built the Gage Canal system, which irrigates the land and is one of the best and most dependable water systems in the State, never having known a water shortage.

They began a systematic development of the property under the direction of citrus experts, planting groves of selected orange and lemon trees from the best stock obtainable. They spent \$4,000,000 in making this as perfect a

fruit estate as money and expert knowledge could bring to its development. They beautified and added to the natural charm of the property by building forty miles of boulevards through the groves, edging them with ornamental trees of many kinds and miles upon miles of rose hedges. The groves were brought into full production by scientific cultivation, and the packing house records in our office show a long record of profitable production that should extend into the future indefinitely.

The original owners of the property are all dead. The World War brought high taxation and financial troubles to English capitalists. The heirs of the men who bought and developed this property, like many other Englishmen and women, are suffering from the ef-

fects of the war and need money. Recently they voted to liquidate their Arlington Heights holdings in the shortest time possible and to turn them into cash, regardless of values. They ordered the property subdivided in tracts of five acres and more and priced so low for the immediate sale that quick action would be certain.

The inauguration of the liquidation sale was the sensation of the year in farm land realty circles, and hundreds of successful citrus growers, shrewd land investors and persons looking for home sites that will yield substantial incomes have bought these groves. THEY ARE GOING FAST, BUT AMONG THE GROVES REMAINING ARE SOME OF THE HEAVIEST PRODUCING AND MOST ATTRACTIVELY SITUATED UNITS OF THE ESTATE.

Big Profits and Certain Increase in Values for You

An inspection of these groves, the location in this rich and prosperous district, the land with its fertile soil, the full water rights that belong to the land and go with it free to you with each acre you buy, will convince you that you are certain to make money from the purchase of some of this fruit acreage. With the upturn in land prices in the best citrus districts the value of this property is bound to double and treble.

Call at our office at once and get full information about these beautiful homesites, where full acres of groves loaded with the finest citrus fruit are going at the price you are asked to pay for the most mediocre outlying suburban lots. If you cannot call to see us, telephone or mail the coupon—but do it now while the opportunity is open, for it will very soon be gone forever.

Our Arlington Heights Tract Office is two hours' drive by automobile from the center of Los Angeles. We will gladly take you out to see the property. Call today and get full information.

Bill Before Congress Suits
All Interests

BY FREDERICK J. HASKIN

(EXCLUSIVE DISPATCH)

WASHINGTON, Dec. 4.—Government and State game officials, scientists, conservationists and hundreds of individual sportsmen will meet December 8 and 9 in New York City in the eleventh national game conference, which is sponsored by the American Protective Game Association, founded by Theodore Roosevelt. These conferences have always been regarded as important, but this year is especially so because it will be the final round-up in the drive that is being made to secure the passage by Congress at the earliest possible date of the measure known as the game refuge public shooting ground bill.

This legislation has been reported favorably by the committee on agriculture of both the House and Senate, and its backers are hopeful that the bill will be one of the first of the approaching session to be sent from the Capitol to the White House for the approval of President Coolidge.

It is described as a measure that substitutes constructive development for ineffectual petty restrictions in saving free waterfowl shooting for American sportsmen.

ILL-CONSIDERED WORK

Indiscriminate drainage projects, a large percentage of which are said to have turned out to be of little or no value to agricultural interests, have removed so much of the water and marsh land commonly used by migratory wild fowl that their feeding, breeding and resting places are faced with total elimination. Earlier migratory bird legislation did not meet with this situation. Now, since there have been drained in this country areas one-third larger than the whole of New England, or larger than the combined surfaces of the Great Lakes, the sportsmen of the nation, under the leadership of the American Game Protective Association are urging Congress to give them a law that will save their sport.

The game refuge-public shooting ground bill provides for the purchase or lease by the Federal Government of the best remaining feeding, breeding and resting areas for migratory wild fowl, to serve as permanent refuges for this class of game.

That is the first purpose of the measure. The second deals with the situation arising out of the fact that during the last few years so much of the available ducking grounds of the country has been taken up by wealthy individuals and clubs that today the means of ordinary means is finding it increasingly difficult to discover a place in which he may hunt. The bill provides for the purchase or lease by the government each year of increased numbers of public shooting grounds where everyone may go and find good sport.

FOR GOOD OF GAME

The bill also provides the means for the study and elimination of the duck disease, which within recent years has killed 15,000,000 ducks in Utah alone; for the improvement of areas entirely suitable to wild fowl except that there is no sufficient feed; and for the study of migratory routes and for other scientific investigations essential to the conservation and development of wild fowl.

Perhaps the most important feature of the bill is the fact that it will cost the government nothing. All the funds necessary to carry out its purpose will be derived from license fees of \$1 each from all hunters of migratory game. Thus the man who will enjoy the advantages to be gained through the enactment of this legislation pays yearly what amounts to \$1 premium on his sports insurance. The man who hunts only deer, pheasant, quail, rabbit or other local game will not be affected in any way by the law.

It is also insisted that the bill has been so drawn that there is no danger of usurpation by the Federal Government of the rights of any State. Ample safeguards have been inserted to insure to each State its complete sovereignty. Furthermore, it is said that the measure is favored by the agricultural interests, because of the part migratory birds play in the saving of crops from destructive insect pests and the part that sportsmen have played in preserving the birds.

HISTORIC BUILDING BEING DEMOLISHED

(EXCLUSIVE DISPATCH)

QUEENSTOWN (Ont.) Dec. 4.

The building in which Gen. Isaac Brock died after receiving wounds in the battle of Queenstown in the war with the Americans in 1812 is being torn down. The building was the oldest hotel in the village and was moved in 1874 to its present location on the fruit farm of C. H. Fisher. The building is about 120 years of age. The walls of the room in which the general died are covered with the names of people who have visited the building.

PLANS EXHIBIT OF 1000 LOAVES BREAD

(EXCLUSIVE DISPATCH)

OKLAHOMA CITY (Okla.)

Dec. 4.—A thousand loaves of bread, baked from 1000 samples of wheat grown on 1000-grain farms of Oklahoma may be among the Agricultural and Mechanical College exhibits at the Oklahoma State Fair next fall. The idea is advanced by E. H. Linsee, State Grain Inspector, who, as a step preliminary to this, hopes to have the next Legislature provide for a laboratory at the college and appointment of a State chemist. These would be at the service of the grain, feed and dairy departments of the State Board of Agriculture, as well as four and feed millers and grain dealers.

Give Her a Fur!

It combines all those things one wants "Her" gift to express! It possesses Beauty, Charm! It possesses all those things that find favor in the eyes of Woman. Its subtly flattering ways are delightful. And it is the gift of many seasons—a gift that brings new joy each time it is worn. It solves the problem swiftly, simply! Experts with an intimate knowledge of fine furs are at your service. This knowledge combined with their familiarity of a woman's preference make them invaluable. Here are a few scarf suggestions. Wraps offer as equally interesting values.

Fox Scarfs, \$35—have a host of admirers! Beautiful, silky pelts, huge tails, handsome head and paws make them exceedingly desirable at this price. Cocoa, blue, platinum, beige, pointed.

Baum Martens, \$55—natural dark colors—the sort of scarf every woman revels in possessing. And we would advise you make early selection.

Hudson Bay Sables, \$35—natural or blended—extra large skin—handsome head, paws and tail—\$35 a skin.

Stone Marten, \$39.75—and this is a very special price for such pelts. Another outstanding value on a gift that leaves nothing to be desired.

Chokers, \$19.75—Blue wolf and foxes—distinctive neckpieces of much finer quality than one would expect at such a low price. A splendid assortment.

A Radiant Heat like the SUN'S

That is what you get from a Lawson Odorless Gas Heater. Warm, cheerful rays, without that "gassy" odor that is so objectionable and unhealthy. The Lawson is absolutely odorless, and it does not deplete the air.

The combustion of gas (either natural or artificial) in the Lawson is clean and complete. There is no waste, because the heating comes from the "glowing heart"—is scientifically constructed.

The Lawson is a safe heater, there is no open flame. An outer jacket protects against draperies, clothing, etc., touching the flame. Drafts cannot extinguish the flame. Small, pleasing in appearance and producing more heat than ordinary stoves, the Lawson is the ideal heater. In use in homes all over the country.

LARGER REFUGE FOR ELK SOUGHT

Isaac Walton League Starts Move to Buy More Land

Will Add Tract to Federal Preserve in Wyoming

Problem of Winter Feeding Will be Relieved

(EXCLUSIVE DISPATCH)
WASHINGTON, Dec. 4.—Nothing less than a Christmas present to the Elk herds of the Jackson Hole region in Wyoming, which are under the winter care of the Biological Survey of the United States Department of the Interior is the plan of the Isaac Walton League of America. "And a real present in the spirit of the Christmas season it would be," says Dr. E. W. Nelson, chief of the Biological Survey. "It means the ultimate salvation of these fine game animals for in future winter seasons they will be able to get for themselves as many Christmas and other dinners as they need. Everyone who knows anything of the story of the deaths by starvation of Wyoming elk by hundreds and thousands in recurring hard winters, thus actually threatening the extinction of the herds, will hail this movement for the preservation of these noble game animals, while it is still possible. And the movement is not contemplated for consumption merely some time in 'this generation' but through Christmas offerings of the hunters and nature lovers of today.

"The plan is most commendable as a memorial to the early frontiersmen, not as a statue of bronze or marble but as a game preserve to form an extension of the Federal winter elk refuge in Wyoming. In this place, the remnants of the former vast elk herds will enjoy extensive feeding grounds without the necessity of frequent emergency appropriations for their benefit from Federal and State funds for the purchase of hay to see them through unusually rigorous winters. This preserve will be one in which abundance of hay will be stored for emergencies and broad areas of natural pastures will become a safe winter home for thousands of elk.

"The Isaac Walton League plans to purchase the needed lands immediately and present them to the Federal government. The advantages of the plan are far-reaching and under a wise administration of the refuge and its herds, there will be opportunity for big-game hunting in this region as the surplus animals from the herds will become legitimate game of sportsmen and at the same time the herds will be assured of perpetuation for the delight of future generations.

"The contribution of \$100,000 sought by the Isaac Walton elk fund will make a Christmas indeed to the American sports and conservationists, sportsmen and other nature lovers who help to make the plan an actuality will be serving not only the elk now threatened with starvation but in a patriotic way will make a notable contribution to future Americans by insuring the perpetuation of these most magnificent of all deer."

Province Liquor Revenue Totals Shown by Data

(BY A. P. MIGHT WIRE)
VICTORIA (B. C.) Dec. 4.—Revenue totaling \$6,678,150.52 has been received by the government liquor stores in British Columbia between April 1 and November 1, 1924, according to data tabled in the Legislature by Atty.-Gen. Manson at the request of J. W. Jones, Conservative, South Vancouver.

The revenue at the Victoria stores during the eight months period was \$299,543, and Vancouver approximately \$2,578,996.

AMUNDSEN SHIP TO BE SOLD IN SAN FRANCISCO

EXPLORER ABANDONS IDEA OF REACHING NORTH POLE BY SEA

(BY A. P. MIGHT WIRE)
CHICAGO, Dec. 4.—The ship Maud, formerly commanded by Capt. Roald Amundsen, who now plans an airplane dash across the Arctic region, is to be sold to the highest bidder when it reaches San Francisco. The ship, which left Seattle in June, 1922, will arrive from the Arctic for San Francisco when the ice breaks next summer, the explorer announced today in a lecture here.

The idea of drifting across the North pole as was originally hoped when the Maud set out, has been abandoned, Capt. Amundsen said. The Maud, he explained, was not out of commission and was not out of fuel oil, as some reports said, but is operated by gasoline and is simply out of lubricating oil, which he expects will be supplied from a Russian provision ship which annually supplies the natives along the Kolyma River, in Siberia.

GOVERNOR RESIGNED (EXCLUSIVE DISPATCH)
TUCSON (Ariz.) Dec. 4.—At a meeting of the Pima County Bar Association a resolution was passed requesting that Gov. Hunt "forthwith appoint some competent, qualified member of the bar of this county to fill the vacancy caused by the resignation of Judge George E. Darrell."

Attached was a declaration that "the executive has no authority to direct the superior judge of another county to hold court in Pima county while the present vacancy exists."

INCOME TAX FREE

Guaranteed 6% Securities

6% Tax-Free—For Ten Years

A dependable 6% income, without the care and worry of frequent renewals or reinvestment, is the goal of many conservative investors.

MUNICIPAL CONVERTIBLE OWNERSHIP CERTIFICATES offer just such a 6% income—exempt from Federal Income and California Personal Property Taxes. These Certificates mature in ten years and are non-callable. They represent actual ownership of California Municipal Improvement Bonds, deposited with the Trustee, to the amount of 110% of the par value of the issued Certificates.

Advance reservations are now being accepted for a new issue of Certificates available at an early date.

Detailed Information on Request.

CURBING OF LOAN BODIES IS APPROVED

Former State Commissioner Supports Daugherty Stand for Closer Scrutiny

In connection with the warning to investors recently issued by Corporation Commissioner Daugherty regarding securities of finance and mortgage companies promoted by an unscrupulous promoter, managed by inexperienced and incompetent men, George S. Walker, for eleven years building and loan commissioner of California, and now president of the National Mortgage Company of California, has made the following statement:

"I am in full sympathy and accord with Commissioner Daugherty's warning to investors of this State for a good many years, during which time it was my duty to either curb or put out of business various 'fly-by-night' financial schemes endeavoring to operate under the guise of building and loan associations. I have been ordered for some time that mortgage companies, selling securities to the investing public, should be under some direct State supervision."

"The Corporation Commissioner surrounds the permits issued by his office for the organization of new companies with every possible safeguard, and he exercises the closest possible scrutiny over the sale of securities within the limits of his authority; but he has neither the authority under the Corporate Securities Act, nor sufficient approval for his department, if he had the authority to supervise the operations of such companies after they have been organized and financed."

"Therefore, I strongly advocate the enactment by the next session of the California Legislature of a bill sufficiently definite in its terms to place all mortgage and finance companies organized or operating in California directly under the supervision either of the building and loan commissioner, or creating a special commissioner to have supervision over the operations of such institutions; or enlarging the scope of the Corporation Commissioner's operations and increasing his authority with the necessary appropriation, so that supervision of the operation of such companies will be placed under his jurisdiction. I propose to immediately consult the heads of some of the leading mortgage companies in the State with the view of drafting a bill and having same introduced in the Legislature to accomplish the desired result along these lines."

"As a further step toward securing greater cooperation among the conservatively organized mortgage companies in California, I propose to call a meeting at an early date of the leading mortgage men of our State for the purpose of presenting to them plans for organizing the California Mortgage Association, membership in which should be limited to institutions known to be conservatively organized and properly managed."

BAD CHECKS

The forgery detail of the Los Angeles Police Department yesterday issued the following bulletin on spurious checks:

Several days ago the office of California Sheriff Brown, 423 San Fernando Building, was broken into and robbed, and among other things a book of the firm's checks was stolen. It is anticipated by the police that the thieves will attempt to cash these checks, as a number were run through the photograph in the office of the firm.

The public is urged to be extremely cautious in cashing checks for strangers, and if any person presents a check of the above firm, to notify the forgery detail at Central Station, Metropolitan 6100.

GIRL SEES KIN IN DEATH LEAP

LAWRENCE (Mass.) Dec. 4.—Chattering gaily of the dance which they had just attended, two girls and a boy companion approached the bridge over the South Canal in Lawrence.

Their chatter and glee, however, was abruptly halted when they saw a dark shadow clamber up the stone rail of the bridge as they drew near.

SEES RELATIVE

As the black for police for a moment on the rail and then plunged down into the canal, one of the girls screamed. She had recognized the man as her uncle who three times previously had made unsuccessful attempts to commit suicide.

DRAGGED OUT

While the two men struggled in the black water, someone turned in a fire alarm. The excitement brought some street railway employees as well as workers from the wool scouring plant nearby. With hooks and ropes they dragged the two from the water.

YOUTH RECOVERS

McNamara quickly recovered consciousness and was discharged from the hospital before night. Since last July, his relatives said, Gray had suffered from a chronic illness, and when his first three attempts at suicide failed, he had turned to three himself in the canal. Last evening while Mrs. McNamara's daughter and a niece were at the dance he slipped out of the house and by a coincidence dived into the water as they approached on their way home.

A PROFITABLE TRADE

The international bankers want to forgive Europe her war debt. Then they'll make a lot more money out of Europe and out of handling another big European loan.

The speaker was Robert McMillan, the wealthy Denver miner. He went on:

POOR FINANCIER, STRONG FIGHTER

Detroit, Swindled, Terror in Action

Wins Two Bouts at Once and Collects Stakes

Police Count Out Opponents, Gather 'Em in

DETROIT, Dec. 4.—Nick Bon-
dar, 3128 Division street, leaped into the ranks of the big time prize fighters Friday night, when he engaged two men with high success in a street fight that meant \$500 a minute to him.

A week ago Nick met two men from Mexico. At least, they said they were from Mexico. In Mexico, they told him, are many diamond mines, and the best mine of the country, fairly spouting diamonds, belonged to them. They had come north to get another partner, because they disliked to take all the profits themselves. They told him that for the trivial sum of \$500 he could have a third interest in a business which would make him rich within a week.

ANYTHING WOULD DO

Nick didn't have \$500, and said so. No matter, what did he have? Eleven hundred! Fine. Now for the fight.

Friday night Nick met the men at Port street and Vine street, and handed them all his money. The men, telling him they did not wish to impose on his good nature, said he could hold their combined bank roll, \$1500, while they looked for a place to put it. They handed him an enormous roll, apparently of bills, and started to attend to the business with Nick's roll in a coat pocket.

MONEY EVERYWHERE

He chased the men down Port street, caught them, and started a rumble. What he wanted was his money, and he went after it, and in the course of the battle the roll of bills fell to the pavement and scattered, to the joy of a large crowd of spectators. Only two minutes of actual fighting had occurred before the police arrived. In those two minutes, however, Nick had much the better of the scrap, and both the "Mexican miners" were lying on the sidewalk when the officers took a hand. Nick had much the better of the scrap, and both the "Mexican miners" were lying on the sidewalk when the officers took a hand.

SHE WAS INTERESTED

A handsome young man bought a Thanksgiving turkey, but the dealer couldn't promise prompt delivery, so she slung it over her shapely shoulder after the fashion of a turkey.

"And I followed her for fourteen blocks," stated another lady, who was describing the episode to her husband.

MUST MAKE SUCH AN AD

cause a sensible woman carries home a turkey?

"I thought it was the latest style," (Louisville Courier-Journal.)

Going Barefoot with Shoes On!

THAT boy of yours—is he hard on his shoes? Then he needs stout shoes that are easy on his feet.

Educators stand the hard knocks and give him room for all ten toes. He will be mighty proud of their looks too; for these are shoes for a regular boy.

Be sure, next time, you get him Educators here.

DARING COUP GETS \$40,000 FOR BANDITS

Messengers Are Robbed on Crowded Street and Hold-up Men Escape

ST. FRANCISCO, Dec. 4.—Two messengers of the Pacific Gas and Electric Company were held up in front of the company's main offices on Sutter street today by four robbers and \$40,000 in currency and bonds was taken. The bonds, amounting to \$23,000, were later recovered from the grounds of the Temple Emmanuel, across the street. They were closely pursued by the escaping robbers.

The messengers, W. A. Johnson and H. J. O'Leary, had just stepped out on the sidewalk from the main lobby of the company's offices to board their automobile and make a trip to the bank with the currency and bonds, when the robbers stepped from near-by doorways. Johnson grappled with one of them and was struck to the sidewalk by a pistol blow. The money and bonds, contained in their suitcases, were grabbed from them and the robbers fled across the street and ran into a rear alley. They were closely pursued by a number of pedestrians but blocked capture by a display of their pistols.

The hold-up took place on a crowded and busy street and was one of the boldest in the history of the city.

HAIR FILIPINO CO-ED

Girls in the Islands Are Asserting Their Rights, Says Writer

The American visitor to Manila will find the coed situation in the Philippines a novel one. A number of hands raised in chaotic criticism against it, but with the young gallants and coeds doing very well, thank you—the young ladies demanding the homage due a princess, and getting it, naturally.

If he listens any evening, in any part of the city, he will note, if not with pleasure, at least with certainty that after 9 o'clock the town fairly turns into a rhapsody in obedience to this demanding young feminine creature, who dances divinely and whose vivacious, piquant, independently thinking march she is to be found anywhere among her sisters of the Far East.

He can verify this by standing on Gold Place any afternoon about sunset, and seeing young matrons and their children driving out in motor cars to the Luna for the band concert and a cup of the children along the beach. (Chamber of Commerce Journal (Manila).)

The Cancer

"Old age
doesn't
worry
me
anymore"

PLAY" was that the inventor could make grown-up newspaper men believe such childish hocus pocus: believe that wars of the future would consist of two rival professors sitting in laboratories—squinting death at populous cities—wiping out whole nations like lizards spearing flies.

The real lesson that military experts learned from the World War was this: that the new-fangled gas attacks, tank attacks and fire-throwing attacks were mostly bunk.

—♦—

BACK TO KNIGHTHOOD

An officer of the General

staff in Washington, writing one of the current magazine says that war, in the final analysis, must, forever, be man against man. "Death Ray" is the new machinery. He says that the deciding factor in the next war will be a hand-to-hand struggle with bayonets.

To this end, infantry tactics are now being modified so that, in the future, soldiers will march to the assault with an interval of five yards between them. So you see, in place of advances to some new and fanciful "Death Ray," we are going back to the old days of knighthood with every knight for himself. A soldier, fighting five yards from his nearest comrade, fights "his own."

—♦—

AUTO SPEED

The police have been three weeks on their campaign against

One or two reflections seem to bolt to the surface: the speed limit is too slow. Motorists have learned to adjust their lives to a certain time schedule. Twenty miles an hour is an impediment.

It would seem that twenty-five miles an hour would provide equal safety; and it would be possible rigorously to hold that traffic to this.

Motor accidents happen more frequently from disregard of the decidedly vague rules of right way and from fools who "cut in" rather than from speed.

Of course, these are adjustments that should be made by the lawmakers; not by the police.

—♦—

MOTOR MORONS

I have taken particular notice of the kind of people who honk imperiously for autos get out of their way; and who "cut in" at the risk of human life.

Most of these motorists such a mad rush are pin-head boys whose time wouldn't be worth 40 cents from now on the day they die.

—♦—

CONGRESSMEN'S SPEECHES
Casting about for a way to meet the President's request for economy, our noble Congressmen might cut out the expensive custom of burdening the government Printing Office with the mails with their stupor-long-winded speeches.

In Washington I have seen the corridors piled as high as a tall man's head with a Congressman's printed speeches. I sent free through the mail.

There was a time when the printed word was a real value to the printer. He could read speeches of Congressmen; he could make good speeches of his own. Now that men generally use safety razors, they have no printable function.

—

REDEEMING FEATURE

The only redeeming feature about Congressional speeches is that very few of them are even actually delivered. It would be depressing, indeed, to reflect that we were paying salaries to men to sit around in Congress and not actually listen to the tediously realistic results. That's one thing we can say for our Congressional body: they are educated up to the point of yearning to hear the results of their own speeches.

ADMITS HITTING WIFE

"She Was Always Looking for Money," Says Defendant

"Why did you give your wife two black eyes?" Inquired Police Judge Richardson yesterday. Jim Guvара of 620 Lookout Drive. "Because she was always asking for money," replied Guvара in a matter-of-fact tone. Mrs. Guvара said it was the second time he had struck her and Guvара was sentenced to serve 30 months.

Thousands of Mechanical TOYS ~\$1.00

SANTA CLAUS'S pack just couldn't hold them all, there are so many!

Imagine, for just \$1.00, you can get a mechanical Fordson Tractor, Steam Roller, Yellow Taxicab, Walking Dog or Auto Garage with 2 autos.

Where? At Bullock's—the Christmas Store of Southern California. Here are literally thousands of fine mechanical toys for thousands of Southern California boys (and girls, too), at \$1.00 each.

Easy to Get to—With Six New Elevators in Bullock's Newest Building

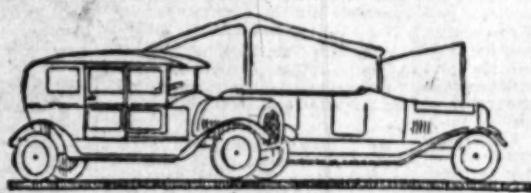

Just take an elevator in Bullock's New Sportswear Store for Men (Bullock's Newest Hill Street Building) and get off at the second floor.

How much bigger Bullock's Toy Store is this year! How many more toys! Everything a boy or girl could wish for.

Besides the thousands and thousands of mechanical toys at \$1.00, there are thousands of other toys at all prices, dolls of every description, dolls' dishes, furniture, wardrobes, doll carriages, tea sets, even real electric stoves for children—at a great variety of prices for every pocketbook. And for boys, everything from a sand digger to a movie machine—many at even less than you'd expect to pay.

Only 15 shopping days to Christmas—so come today to Bullock's, the Christmas Store of Southern California for TOYS, the best-loved Christmas gifts for children.

—Bullock's Toy Store, Second Floor, Hill Street Building.

A Good Book Given to a Child is a Wise Investment—a Finer Gift!

Select them in Bullock's Book Shop, where books for children prominently display the carefulness with which they were chosen. Select them Now, while special prices prevail on books, most appealing to children.

The Green Face Toad, by Vera B. Birch, Specially Priced, \$1.25
A finely written, beautifully illustrated series of fairy stories.

Stories of the First American Animals, by George Langford,
Specially Priced, \$1.50

Rousing tales of the early American jungle and the queer, now extinct, animals who lived in it. It is recommended by the American Library Association.

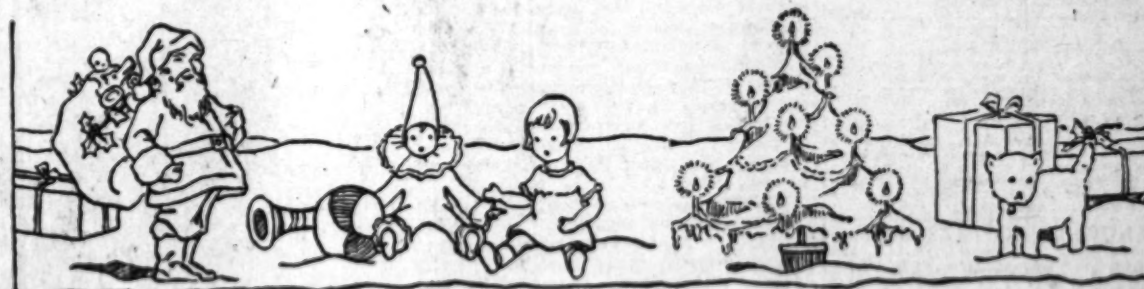

Dr. Francis Rolt-Wheeler's Books, Specially Priced, 65c Each
Wonder of War on Land.
Wonder of War at Sea.
Wonder of War in the Holy Land.

Dr. Rolt-Wheeler's books for boys need no introduction. The Literary Digest says, "The information imparted comes step by step and with the spice that allures to mastery of the details given."
Many other equally interesting books are specially priced.

—Bullock's Book Shop, Street Floor, Bullock's Hill Street Building.

Baby's Gift Room At Bullock's

Baby's Military Brushes, \$2.95

The French Dolls at \$6.50 Ea.

Hot Water Bottle Covered to Look Like Woolly Lamb, \$2.25

A Soft, Woolly Pussy is Priced \$4.95

Baby's Little Brownie Doll—\$1.00.

IN the Gift Room Corner of Baby's Own Store, Bullock's Fifth Floor, see Santa Claus with his pack of toys surrounded with mounds of "make-believe" snow, little toys and Christmas trees and one big lighted tree full of toys and all sorts of gifts for the one whose day Christmas really is—the Baby.

Here Baby's friends may find innumerable gift suggestions in soft toys and dolls, bears, dogs, bunnies and every sort of animal from 50c to \$10.00.

And those dainty little ribbon gifts such as coat hangers, carriage and bonnet bows, hot water bottles, carriage clamps and garters—50c to \$2.95.

Toilet Sets (even tiny military brushes for tiny boys,) celluloid bubble sets, novel soap boxes and all kinds of rattles—50c to \$6.95. Nursery Pottery, hand-made dresses and other little garments, imported Japanese Silk Buntings, Robes, Sacques, Quilts and Shoes. Fancy Pillow Covers, warm blankets—in fancy, everything you could think of and many things surprisingly novel in gift assortment make selection a delight.

In Baby's Gift Room, Bullock's Fifth Floor.

Tiny Felt Moccasins shaped like Bunnies, \$1.50

A Novel Celluloid Powder Box at \$1.25

A Celluloid Bubble Set with all Equipment, \$1.25

A Doll Musical Rattle—\$1.95

A Funny Celluloid Rattle, \$1.00

Bullock's New Christmas Section— Collegienne Gift Robes—Fifth Floor

TO YOUR right as you step off the elevator at Bullock's Fifth Floor, you see a new section with racks and racks of smart, new gift robes particularly for high school and college girls. One more of the special Bullock Christmas services that are making Bullock's the Christmas Store of Southern California.

Such clever robes—many mannish types in big, splashy plaids, in new ombre two-tone effects, others soft, clinging bits of femininity—dainty silk negligees. And those rich-looking Silk Padded Robes. How warm they are!

No matter what type of robe you are intending to give the school or college girl, come to this new section at Bullock's. It's safe to say it will be the end of your gift searching. Robes of wool, beacon, corduroy, silk—all are here. Priced from \$5.95 to \$17.50.

—Bullock's Fifth Floor.

Collegienne Dresses at \$15!

For classroom or office, dresses slim, straight and good-looking. Many are reduced from higher prices. A collection in sizes 14 and 16 years well worth a special visit to Bullock's Collegienne Shops, Fifth Floor, Friday, \$15!

—Bullock's Fifth Floor.

Have Your Gifts Wrapped in Novel Oriental Wrappings at Betty Jane's Christmas Shop

—a new Bullock Christmas Service for boys' and girls' gifts. On the Fifth Floor in the Boys' and Girls' Store this unique feature occupies Bullock's Newest Hill Street Building. Oriental gift wrappings are displayed in all their gorgeousness. If you want your gift packages wrapped in a novel manner bring them here. A small charge.

Take one of the Six New Elevators to Betty Jane's Christmas Shop, Fifth Floor Bullock's Newest Hill Street Building.

Collegienne Gift Slippers at Bullock's

What more delightful gift than comfy slippers to match or harmonize with lounging robes? Especially welcome for girls who go away to school or college. Many, many styles of slippers to meet every requirement of girls who wear them.

For Instance:

Smart Plaided Wool Slippers—\$1.95

Cosytoes in Soft Felt—\$1.75

RUSSIAN ART CLUB TO TAKE NEW QUARTERS
The newly formed Russian Art Club of Los Angeles, will move into its new clubhouse the middle of next week.

THIEVES GET CLOTHES
Herman Liebsch, owner of a clothing store at 2118-A North Broadway, reported to police yesterday that burglars forced an entrance into his store early yesterday morning by breaking a rear window and had taken \$599 worth of clothing.

GLOBE-TROTTER DOCTOR IS HERE

Ohio Physician Tells of Work in War and After

Describes Curious System Employed in Russia

Hoover Relief Effort Given Praise by Visitor

Dr. Mark Godfrey left his home in Columbus, O., when the World War began, and has been all this time going around the world, having arrived here a few days ago from Japan. His protracted globe-trotting is typical of the many American physicians who have devoted their efforts to service with the various relief agencies abroad. Dr. Godfrey was a medic with the American Army of Occupation, spending two years in Germany. Then he went with the American Red Cross in the relief campaign in Czechoslovakia. A chance permitted for study and he went to Vienna to attend the children's clinics conducted by the famous child specialist, Prof. Pirquet, and then he went with the Hoover relief to Russia, where for two years he was in charge of the medical and sanitation work in three states of the Volga region. When the Hoover relief broke up he started home through the Orient, and in China took charge of a hospital while the physician was on leave, and also stopped in Japan to study conditions there. While here, Dr. Godfrey is visiting Mr. and Mrs. Creighton O. Walcott, 642 Juniper street.

CURIOUS SYSTEM
In the Russian relief Dr. Godfrey used the curious system of determining undernourishment of children that was originated by his master, Prof. Pirquet of Vienna, and the American physician yesterday explained it. The child is weighed, and then the sitting height is taken, and from two records, by means of a quick-calculating table a ratio is determined, and this tells whether the child is undernourished. The sitting height is used, Dr. Godfrey explained, because the child may be naturally short-legged or bow-legged, while the height of the trunk of the body best determines the nourishment of the body.

HOOPER RELIEF
When the complete history of the Hoover relief in Russia is written it will prove to have been the most important effort of its kind in the history of the world, Dr. Godfrey believes. "We made 5,000,000 vaccinations and inoculations under the system we used in the army," he says, "and this was done among a superstitious people, ignorant of such things."

PROPOSED ORDINANCE ON BOXING PROTESTED
Protests against the adoption of an ordinance in conformity with the State Constitutional amendment adopted by the voters on November 4 permitting ten-round and twelve-round boxing bouts have been filed with the City Council by the Women's Christian Temperance Union and the civic righteousness committee of the Church Federation of Los Angeles.

BAZAAR TO HELP FUND FOR HARD OF HEARING
A bazaar to swell the clubhouse fund will be given by the League of the Hard of Hearing tomorrow evening at their rooms at 944 West Thirtieth street. It will serve also as the introduction of articles made by members of the league, through which it is hoped an exchange may be established for the sale of foods and novelties. The League of the Hard of Hearing is organized to meet the social and economic needs of these handicapped by deafness through illness or injury. It is not to be confused with the organization which serves those who are born deaf, as the problems of these people are different from those who have become hard of hearing and suddenly thrown out of adjustment with their environment. The sale of the articles is an effort to bring the workers together and to aid the needy by acquainting members with the kind and quality of work others are doing. Supper will be served at 6 p.m.

CLUB TO READ PARTS OF 'KING RICHARD III'
The Shakespeare Study and Dramatic Club will meet the 11th inst., at 8 o'clock at the clubrooms at 1225 Wilshire Boulevard to read Acts IV and V of "King Richard the Third." The president, Henry Hinesberg, has assigned the reading of all the parts among the various members of the club, the principal readers being Mrs. Hinesberg, who will read the part of Richard; Mrs. Beattie George Webb, who will impersonate Buckingham; Mrs. Kessler, the secretary, who will take Queen Margaret; and Miss Larlow, who will read Queen Elizabeth's lines. As the fourth Thursday of the month falls on Christmas Day, this will be the last meeting of the club this year. Frederick Ward will return to Los Angeles just before Christmas and at the succeeding meetings will give the club his interpretations of the various plays which will be handled after New Year's.

(Main Floor)

DO YOU EVER VISIT A REAL MODEL DAIRY

Conceded to be the Most Attractive in America. Where 600 cows are groomed twice daily. Where every cow is fed and cared for with more skill than is used in many homes. Where the employees are dressed in white.

Where the barns are scrubbed twice daily and are as immaculately clean as most kitchens—Beautiful gardens—and surroundings.

ARDEN CERTIFIED DAIRY

invites you to call any afternoon.

Drive East on the Valley Boulevard to Arden Road, which is one-half mile West of El Monte. Then North one mile—East on Huntington Drive to Baldwin Ave. in Arcadia—then South 3 miles to Dairy.

Bring the children. It will be an education for them.

MAJESTIC Hot Cake and Waffle Iron

Not only a beautiful gift—but a practical, enduring gift.

Many exclusive features make the MAJESTIC a delight to use—a joy in any home. Aluminum grids are made for waffles on one side, hot cakes on the other. Can be reversed in a jiffy. Surplus batter can't run out of the MAJESTIC. Another exclusive feature takes care of that. Grids are removable for quick, easy cleaning.

Built to last a lifetime—and beautifully finished in nickel and ebony.

The Orange Pekoe tea-drinkers are looking for

TREE TEA

Many tea-drinkers are on a still hunt for the orange pekoe. They're looking for the taste sensation that will completely satisfy their craving for this wonder-blend. Is this true of you? Then you can stop right here... Tree Tea Orange Pekoe brings you the orange pekoe you're looking for—at a price you're glad to pay.

—For those who prefer good tea to cheap Tree Tea Japan

SOCIETY

BY JUANA NEAL LEVY

One of the most delightfully planned affairs of the day will be the dinner-dance with which Mr. and Mrs. J. F. Wetherby of Occidental Boulevard and their attractive daughter, Miss Gladys Wetherby, are entertaining at the Athletic Club, the decorations effectively carrying out the Christmas motif in greens and Christmas blossoms, with the favors and place cards making covers for sixty guests. Assisting Mrs. Wetherby will be Mr. Robert T. Burge, Mrs. Rufus Choate Porter, Mrs. Edward J. Cooke, Mrs. Albert Gude, Mrs.

M. J. Henchy and Mrs. Gladys Wetherby.

Home Again

Dr. and Mrs. Frederick Chamberlain of 2122 Fourth Avenue have returned from a delightful week's visit at the Arlington, in Santa Barbara. They were accompanied by Miss Louise Sedlacek and Miss Clara Sedlacek of Detroit, Mich., who are passing the winter in Southern California. New York, nephew of Dr. Chamberlain, arrived several days ago, and will be their house guest indefinitely, probably making Los Angeles his permanent home.

Wedding at Home

The marriage of Miss Leona May Stevens, daughter of Mrs. Clara Stevens of South Wilton Place, to Jesse E. Hamman, will be one of the events of tomorrow afternoon, the ceremony being read by Rev. Ray Oakley Miller at the home of the bride's mother at 3 o'clock. Mrs. Milton H. Nelson will assist and the bridesmaids will be Miss Margaret Radke, Miss Violet Hood and Miss Georgia Wilson. Willis Beittel will serve Mr. Hamman as best man, and the ushers will be Frederick McGee, Walter Radke and Milton H. Nelson. August Bernhard, uncle of the bride, will give her in marriage. After a wedding supper Mr. Hamman and his bride will leave for the north, their destination being Portland, Or., where they will remain for some months, and after June 1 will be at home to their many friends in their new home at 432 North Hobart Boulevard.

For Bride-elect

Among the delightfully planned events of the week is the breakfast with which Mrs. Sally Taylor Somers is entertaining tomorrow

SOUTH PASADENA BRIDE HONORED

Post-Nuptial Affairs on Calendar

One hundred and fifty guests were bidden, and the hostess was assisted in receiving by Mrs. Abbie Leonard, Mrs. W. A. Hilt, Mrs. Mary F. Davidson, Mrs. George Davidson, Mrs. Lucien Gray, Mrs. Albert Crutcher, Miss Dorothy Leonard, Miss Cameron Leonard, Miss Mamie Voight and Miss Conella Davidson.

At Country Club

Honoring Albert Hopkins, who is visiting in Southern California, having recently returned from Paris to pass the holidays with relatives in Pasadena, Mr. and Mrs. Fred P. Newport entertained with a dinner party at the Oakmont Country Club, other guests including Mr. and Mrs. William J. Bettington, Mr. and Mrs. Frederick W. Leistikow, Mrs. W. J. Briner and her daughter, Miss Ruth Briner and C. A. Newport.

New Address

Mrs. Albert Griffith Bartlett and her daughter, Miss Florence Bartlett, are domiciled for the winter at the Ambassador, having closed their home, 4215 Hollywood Boulevard, indefinitely.

For Visitor

Among the visitors who are being most entertained this winter in Mrs. Adelaide Wickfield of Milwaukee, who has been visiting at the home of Mr. and Mrs. Mattson Annis Morrill. Among the affairs given in honor of the visitors was the week-end party with which Mr. and Mrs. Robert L. Edwards entertained at their home in Arcadia.

OFFENDER IS GIVEN FOUR LIFE TERMS

Judge Orders Sentences Served Consecutively for Crimes Against Minors

Lawrence Culver, former collector for the City Water Works Department in San Fernando, yesterday was sentenced by Judge Vicini of Superior Court to serve four life sentences and an additional forty years in San Quentin penitentiary as a result of his having been convicted on counts charging offenses against a minor girl and three young boys of the valley city.

Sentence was imposed after the court denied Culver's motion for a new trial. Judge Vicini ordered the sentences to run consecutively, which means Culver probably will spend the remainder of his life in San Quentin.

In commenting on the lengthy sentence given Culver, Judge Vicini said he did not wish it to appear that he was actuated by harshness in ordering the terms to run consecutively. "There is apparently no hope for a man of this type ever to be restored in a useful capacity to society," the court said. "Such men are more to be feared than criminals of ordinary type. The sentence imposed, is therefore, not so much of a punishment to Culver as it is a protection to the community from the danger of which he has been convicted as a measure to protect society from him in the future. The sentence also should serve as a lesson to other offenders."

Culver was accused of a series of revolting offenses against the four children with whom he is said to have become acquainted while making collections in San Fernando. At Culver's request, the court granted a ten-day stay of execution of sentence.

Train Robbery Suspect Denies Guilt, Trial Set

James E. Hovernal, secretly indicted by the county grand jury on a charge of robbery growing out of the hold-up November 7, last, of a Pasadena-Los Angeles electric train, pleaded not guilty yesterday in Judge Vicini's court. His trial was set for January 1, 1925.

Hovernal was arrested in Idaho two weeks ago by Deputy Sheriff Smith, who was assigned to investigate the train hold-up. According to the deputy, Hovernal was one of three men who held up the train, two of the bandits guarding the train crew while the third "passed the hat" among passengers with the admonition to donate their valuables therein. Hovernal is the first suspect to be taken in connection with the hold-up.

WIFE IS CHAMPION

Man's Recital of Her Prowess as Battered Wife Him Divorce

Kathryn Scully Lindsay was nominated as champion battling wife of the world, all weights, yesterday by her husband, Joel F. Lindsay.

Lindsay was in Judge Summerfield's court seeking a divorce. Mrs. Lindsay, he said, had the following victories to her credit: She beat a young man whom she found fighting with an older man in the street.

She beat up an Italian, after she had pulled him off his wife, whom he was pummeling.

She threw Lindsay's daughter by a former marriage down on a window seat, choked her until she was black in the face, and pulled out so much of her hair that the girl had a bald spot on the back of her head for a long time afterward.

"That's enough," Judge Summerfield broke in. "You get a divorce and she gets the title, as far as I am concerned."

LOVES GAS STOVE SUIT George J. Burger, who sold and installed a gas stove which exploded and burned Mrs. Edna Rodgers in her home at 247 West Seventeenth street, was not responsible for the accident, Judge Doran found yesterday, in a decision in the suit of Mrs. Rodgers for damages of \$7000. Negligence on the part of Burger was not shown, the court held.

Diet and Health

By Lulu Hunt Peters, M.D.

ANSWERS TO MOTHERS

DIET FOR A CHILD FROM ONE AND ONE-HALF TO TWO AND ONE-HALF YEARS

Last week we finished giving the table of feeding up to the eighth month. Today we will give the table up to two and one-half years.

Children who have not been having some of the foods they need, are very apt to be capricious and refuse them when first presented. The vegetables seem to come in for the greatest share of animosity. Now, as the vegetable part of a child's diet is a very necessary item, it is highly important that objections are overcome.

Various methods may be used—stories, little rewards and other pleasant procedures; and if these are not effective, then unpleasant ones have to be taken. Undoubtedly the best one in this line is to withhold all foods until the child is hungry enough to eat anything at all before it. A twelve or twenty-four-hour fast, with plenty of water, will usually convince the child that the undesired food is about the nicest thing the world has. As I have told you before, be prepared for a stormy time, and warn your neighbors so they won't have you up before the Anti-Cruelty Society. This happened in one of my cases, so I know it is a possibility.

Breakfast, 7 to 7:30 a.m.—Milk, eight ounces (no sugar) after and with solid foods; cereal, one-half cupful or more with some of the milk allowed. (Sugar not necessary.) Dry crisp bread and butter. (Butter, one to two teaspoonfuls dissolved through the day's ration.)

Breakfast, 7 to 7:30 a.m.—Milk, eight ounces (no sugar) after and with solid foods; cereal, one-half cupful or more with some of the milk allowed. (Sugar not necessary.) Dry crisp bread and butter. (Butter, one to two teaspoonfuls dissolved through the day's ration.)

Breakfast, 7 to 7:30 a.m.—Milk, eight ounces (no sugar) after and with solid foods; cereal, one-half cupful or more with some of the milk allowed. (Sugar not necessary.) Dry crisp bread and butter. (Butter, one to two teaspoonfuls dissolved through the day's ration.)

Breakfast, 7 to 7:30 a.m.—Milk, eight ounces (no sugar) after and with solid foods; cereal, one-half cupful or more with some of the milk allowed. (Sugar not necessary.) Dry crisp bread and butter. (Butter, one to two teaspoonfuls dissolved through the day's ration.)

FASHIONS & FOIBLES

by Shirley Sharon

5632

The vogue of plaid has added many new members to the Highland Club and has also produced many new plaid that are more French than Scotch in nationality.

Plans are very smart this Autumn for a simple type of day dress. They were complete among those present at the polo matches and you see them daily in the new redingotes during shopping hours on the Avenue and in ensemble traveling costumes worn by late arrivals from Europe. A plaid is particularly nice for the redingote, for with a plain front it gives the effect of a narrow coat and dress costume. These redingotes are one of the new tailored dress styles and make extremely nice street costumes for the Autumn when you don't need a coat but want the coated look.

SUIT CONTINUED

Private Patrolman Absent When Shooting Case is Called

Trial of the suit of Burke T. Cox, in which he seeks \$10,000 damages from Sam Lutton, private patrol policeman, who, he asserts, shot him, and W. H. Bendall, Lutton's employer, was continued until December 12, after part of the testimony had been heard yesterday by Judge Walton J. Wood.

Only Bendall appeared to defend the suit, it being reported that Lutton had disappeared. The shooting occurred July 18, 1923. Cox said he was running to catch a street car shortly after midnight and that Lutton, evidently suspecting him of having committed a crime, had fired at him, the bullet striking his arm.

Judge Wood continued the case so as to have time to study certain technicalities relative to Lutton's failure to appear, which may result in the case being dismissed.

Jell-Well

Note My FREE OFFER and Coupon Below

No Failures With This Dessert

—Because It Jells Well

Always successful—this attractive, delicious gelatin dessert.

We make one that will mold perfectly by using only the purest gelatin obtainable.

We invite you to try Jell-Well—and note its flavor, firmness when the hot water is added. See how quickly it jells, too.

Red-Box Jell-Well is made in six delicious true-fruit flavors, offering scores of ways to serve.

Fruit or with fresh fruit, its attractiveness tempts the appetite of the whole family.

And it's a dairy and healthful dessert that is healthy.

It is delicious in appearance as well as in taste. Its crystal clear gelatin mold adds much to the table. It makes plain made a delight. Try it! You'll see it often, even you have said so.

Ask your grocer for your favorite flavor today. Then experiment with our delicious Jell-Well. Taste on Jell-Well, in the Red-Box.

RED-BOX Jell-Well THE CALIFORNIA DESSERT

MY FREE OFFER

If you will recommend this delicious dessert to five of your friends, all in the company, and attach the Company name out from one Jell-Well box, I will send you FREE a beautiful aluminum plate mold of brand new design. Your friends, I am sure, will thank you for telling them about Jell-Well.

A. H. Joffe, President.

Browsing Among the New Books

An interesting Book Review department, with notes and comments on writers and their writings, each week in the SUNDAY TIMES.

WANT AD COPY

For the Big Sunday Times

—should be sent or phoned today or early tomorrow morning.

Within a comparatively few hours tens of thousands of buyers throughout Southern California will eagerly consult the Sunday Times' two mammoth want ad sections for rentals—for used cars—for real estate offerings—for opportunities to buy established businesses—for jobs—for bargains in furniture, musical instruments, machinery, and countless other objects, things and services.

To list and group the myriad want ad announcements according to The Times' famous system of classification requires an unusual amount of detailed work. Co-operation of advertisers with early copy will facilitate this work and will be greatly appreciated by The Times want ad department.

Telephone Metropolitan 0700

Annette Kellerman

has formed a club for women who are interested in gaining health and physical beauty in addition to enjoying all the advantages offered by a high-class country club. All members of your family enjoy club privileges under your membership. Her club—located near Los Angeles—is the only one of its kind in the world where physical education—diet—swimming—tennis—golf—indoor and outdoor sports and pastimes may be enjoyed year-round.

Write Miss Kellerman Today! Her booklet tells the full story of this interesting development—Miss Kellerman's life work.

Dear Miss Kellerman: Please send me the booklet about your club for women.

CAPITALIST SEES
BOOM IN MEXICOE. R. Downs of Guadalajara
Here on VacationExpresses Confidence in
President CallesAngel City to Benefit by
Railroad, He Says

Business in Jalisco has about recovered from the effects of the De la Huerta revolution and with the peaceful installation of President Calles everything points to a healthy growth, E. R. Downs, prominent member of the American colony at Guadalajara, said yesterday.

He is here for a vacation, after seven years' absence from the United States.

The upturn in the Guadalajara district is likely to be steady until 1925 when the Southern Pacific of Mexico will have cut its line through the mountains from the West Coast linking Los Angeles with Central Mexico, when a boom in Guadalajara is confidently expected with consequent benefits to Los Angeles manufacturing and jobbing interests.

Mr. Downs is the owner of extensive hacienda and mining property about Guadalajara and owns the Colonia Seattle, a Guadalajara subdivision named after Mr. Downs' old home in this country. When the Los Angeles Chamber of Commerce excursion visited Guadalajara two years ago, Mr. Downs was president of the American Club there and operated a private bank.

CROP PROSPECTS
"Being the western center of the De la Huerta revolution we naturally suffered by it, chiefly because the crops were not planted. But the last rainy season saw a good planting and a good crop with good prices, and we are now about on the old basis industrially. Oil in the district is at a standstill pending settlement of the oil people's dispute with the government. It is understood that some agreement is about to be reached with President Calles that will settle the matter.

Mining is booming due to the good price of all and many properties that have been lying dormant in Jalisco are now being worked. "In addition there is a promised renewal of copper mining. The American Smelting and Refining Company is reported to be looking over the Magistrate's property near Guadalajara preparatory to acquiring it. A deal that will involve from two to five millions. This property is owned by Los Angeles interests and this money, if the deal goes through, eventually will flow into Los Angeles."

Mr. Downs points out that it is agriculture, not mines that is really important in Mexico. The rich valleys of the Sierra along the West Coast have endless agricultural possibilities, and "once agriculture has been stimulated since the revolutionary period beginning in 1910, people have adopted a frame of mind that ignores it, thinking of Mexico only in terms of mineral wealth. The opening of the through railway connection between Tucson and Guadalajara will tend to change all this and make for agricultural development on a large scale, Mr. Downs believes.

"Everybody seems to be looking to President Calles to do great things for Mexico," Mr. Downs says. "He was a good governor of Sonora, and Americans in Mexico do not seem to feel the reports that he is radical. We expect him to continue the policy, but differently than it has been conducted; that he will enforce the law more according to its original intention, and stop the some of it. So far in the agrarian law enforcement we have felt its evils without feeling any of its benefits."

Mrs. Downs preceded her husband here. They are stopping at 723 Carondelet street.

Accused Alters
Plea as Briber
in Liquor Case

Sam Goldberg pleaded guilty yesterday to bribery in Judge Collier's court, changing a plea of not guilty made previously. There will be a hearing on a request for probation on the 18th inst. He was prosecuted by Dep. Dist. Atty. Van Cott and defended by M. H. Silverberg.

Goldberg was arrested October 14, last, by Chief Investigator Contreras of the county prohibition squad, charged with selling liquor to a high-school youth. He offered Contreras \$10 to let him go; Contreras took the money and placed an additional charge against him.

TREE LAW FOUND

Commerce Secretary Cies Statute On "Planting Districts"

To Carl Bush, secretary of the Hollywood Chamber of Commerce, was given the distinction yesterday of bringing to light a law which provides for the creation of a "tree-planting district" for the setting out of trees along public streets in the same manner as lighting post, sewer and other districts are created.

Secretary Bush asked the City Council to create a "tree-planting district" on Sunset Boulevard from Normandie avenue to Laurel Canyon so that when Sunset Boulevard is widened and paved and ornamental lights are installed, there will be a provision for setting out trees along the boulevard.

The widening will destroy the present trees and new ones—possibly wild-orange or juniper trees are desired in place of the present ones.

ROBBER OF DIAMOND
BROKER SENTENCED

George Sang was sentenced to San Quentin for a term of from one to ten years by Judge Hardy after he had been convicted of grand larceny of several diamonds from "Blind Ben" Boyd, sightless diamond broker. Sang and another man, so far at liberty, took the blind gem broker to a bootleg dive, drugged him and then robbed him of his diamonds. Dennis Murphy, who is also involved in the same case, will be tried next Thursday.

BRINGS NEW IDEAS ON
STREET CONTROL

Col. Albert L. Denman

AUTHORITY
ON TRAFFIC
COMES HEREFormer Personal Aide to
Gen. Dances to Make Home
in Los Angeles

Col. Albert L. Denman, recognized as an international authority on police organization and traffic control, and personal aide to Brig.-Gen. Daves in the Presidential election, arrived here from Chicago yesterday with his family to establish his permanent residence in this city.

Col. Denman was formerly the traffic commander of Chicago and served as Chief of Police at Bordeaux, France, after the war. Through Capt. John L. Butler, former police chief of this city and now managing director of the Downtown Association of Los Angeles, he announced yesterday that he has offered his services to this organization in establishing a simple and effective traffic ordinance, which will confer with officials of the organization on the new law, it was stated.

WIDOWS OF
SLAIN POLICE
ASK REWARDCouncil Urged to Turn
Over \$10,000 Offered in
Brett-Clester Slaying

Urging the City Council to pay \$10,000 each to Mrs. Harry Clester and Mrs. William L. Brett, widows of police officers who were murdered by bandits on December 6, 1921, Attorney Milton M. Cohen appeared before the City Council yesterday, and called the Council's attention to the fact that the Council on December 14, 1921, offered a reward of \$10,000 for the arrest and conviction of those responsible for the murder of the officers. Attorney Cohen told of the arrest and conviction of James Wheaton and Calvin Howell. They are now serving life sentences at San Quentin prison. Willard Thompson and William Brynhaert, other members of the bandit gang, were convicted and hanged at San Quentin on April 21 of this year. Jesse Westall, the fifth member of the gang, killed himself when surrounded.

The capture of the bandits was made by Lieutenants of Detectives Harry C. Hinkok and Jesse Ervin and Harry J. Raymond of the theft department of the Automobile Club of Southern California, and these officers, on December 19, 1921, "actuated by the high-spirited and most honorable motives and out of sympathy for the bereaved widows and dependent minor children of the slain officers," assigned all their rights, title and interest in the \$10,000 reward to Mrs. Clester and Mrs. Brett. Attorney Cohen said that the two widows and their children were in need of assistance and that the payment of the reward to them would be an act of justice.

The Finance Committee of the City Council will consider the matter at its meeting next Monday.

TRIAL DATE SET FOR
GEM THEFT SUSPECT

Herman Harp, charged with the theft of \$10,000 worth of jewelry and \$300 in cash from J. J. Vossburg, 612 South Normandie avenue, yesterday pleaded not guilty to a charge of grand larceny when he was arraigned before Judge Vi. The trial was set for January 14, 1925. The arrested thief occurred October 30, last, according to the complaint against Harp.

WARNS AGAINST HIGH TAXES

Railway Head in Talk to Optimists Lauds Stand of
Coolidge; Cites Advertising Benefits

Praising President Coolidge's appeal to Congress for greater economy in governmental affairs and the reduction of taxes, Paul Shoup, president of the Pacific Electric Railway Company, addressing the Optimists' Club at the Biltmore Hotel yesterday, pointed out that many great governments have been wrecked on the rock of overtaxation and declared that the "United States will meet the same fate if the people of this country follow the same reckless, extravagant path."

Speaking on "Advertising Your Business," Mr. Shoup said that was ever associated—the members of the Los Angeles Optimists' Club.

SAMPLE GOODS
Yesterday was advertising day for the Optimists and the waiters found difficulty in serving the luncheon because of the mountains of sample goods which were piled on the tables in the music-room. A large cake, auctioned off for the benefit of the Big Brother fund, brought \$25 and \$100 was contributed in small silver offerings.

The new board of governors elected yesterday consists of Oscar A. Smith, Warren Howard, H. H. Smock, Richard Alter, O. J. Russell, Leon Lampton, Fern Petty, Howard Verbeck, Fred Schreiner, L. S. Rounswell and Verling Kenney. Within the next month this board will meet to elect officers for 1925.

A musical program was given by Mrs. Fiers Myers Engel, soprano, and Miss Alice Lohr, contralto, accompanied by Richard Alter.

MINNESOTA RALLY TONIGHT
Former residents of the State of Minnesota, outside of Minneapolis, are invited to a rally this evening in Music-Art Hall, 222 South Broadway. The Golden Trio will entertain and H. J. Brubaker will lead the community singing. After the program there will be dancing and refreshments.

Mr. Shoup was introduced by Federal Judge Bledsoe who paid high tribute to him and said he was proud to present him to the "keenest, brightest, kindest, broadest" of men.

Mr. Shoup was introduced by Federal Judge Bledsoe who paid high tribute to him and said he was proud to present him to the "keenest, brightest, kindest, broadest" of men.

Col. Denman joined the Indian police in 1910 and was stationed with the Seminoles and along the Rio Grande River until 1916. He organized the Chicago police traffic bureau and commanded it for twenty-one years. From 1918 to 1920 he served as Police Chief at Bordeaux, installing the American plan of administration with 700 men, and in 1920 he was appointed to the French-Polish Commission to Upper Silesia. He also established motorized control of both traffic and criminal work on the county highways about Chicago and served as personal aide to Vice-President-elect Daves during the latter's campaign.

MINE HOST to
Generations of Travelers

Now The MAGNIFICENT, NEW

Book-Cadillac

on This Detroit Site of Historic Hospitality

WHEN the Sieur Antoine de la Mothe Cadillac stepped ashore at the present site of Detroit on July 24, 1701, he brought as one of his trusted lieutenants, Jacques Campau, a sturdy pioneer of New France.

Enduring the rugged life of the frontier, surviving even the lost political fortunes of his chief, Jacques Campau found wealth and happiness in the small trading post that was later to reach the proportions of a metropolis.

Today in Detroit, the Fourth City of America, the descendants of Jacques Campau announce the completion of a palatial hotel bearing their name and the name of Detroit's founder—The Book-Cadillac.

As far back as most of the traveling public remembers, there has been a Cadillac Hotel in Detroit. In the days when the foremost hotels were operated on the American plan, the fame of the Cadillac's cuisine and

creature comforts was heralded from coast to coast. For thirty-six years, the old hostelry served its clientele faithfully, until the growth and progress of the city demanded larger and more adequate hotel quarters.

The new Book-Cadillac rises on the site of the former hotel at the intersection of Washington Boulevard and Michigan Avenue. Towering twenty-nine stories above the street, with twelve hundred rooms and bath it is the tallest hotel structure in the world.

Architects of the Book-Cadillac have succeeded admirably in providing a proper balance of comfort between the luxurious public rooms and the home-like guest chambers.

The lobby and lounge are on the floor above the street level, the ground floor being allotted to eighteen small shops. Main restaurant, tea room and kitchen are also on lobby level.

COURT NIPS
PLANS FOR
TWO MATESMan and Woman Accused
by Wife Get Suspended
Jail Sentences of Year

Harley Arnold, operator of a transfer business, thought he had perfected a plan for having the companionship of two women at once and it apparently worked out all right until the authorities heard about it, entered his house in Belvedere one night and placed him and the "other woman" under arrest, it was revealed yesterday in Judge Vicini's court where Arnold and Mrs. Myrtle South were given suspended jail sentences of one year each. The pair had pleaded guilty to violation of one of the oldest laws of man.

Testimony taken at the preliminary hearing of the case showed that Mrs. South went to live at Arnold's house last July, despite the fact that Arnold was then living with his wife, Mrs. Amelia Arnold, and his three children.

Mrs. Arnold, who swore to the complaint against her husband and Mrs. South, testified Arnold divided his attentions between Mrs. South and her over a period of approximately two months before the officers came.

The wife said she had seen her husband and Mrs. South engage in endearing embraces, and she declared that when she objected to such conduct he said:

"Well, Amelia, try to have a good time. I am going to spend the rest of my days trying to show you a good time. You and I will go to the show one night, she (Mrs. South) will stay at home and take care of the children, and the next night she can go with me and you can stay at home and we can all have a good time here together."

THREATENS RAISIN EXPORT

Proposed Reciprocity Agreement Between Canada
and Australia Will Injure Grape Men

A new reciprocity arrangement between Canada and Australia, that may become effective soon, is likely to reduce California's exports of raisins and other dried fruits to the former country, according to Marion DeVries of Washington, former judge of the United States Court of Customs Appeals.

Judge DeVries, who is now practicing law in Washington and New York, was formerly a resident of California and owns a ranch near Lodi. He is here in connection with business matters pertaining to his interests in this State and is a guest at the Biltmore.

"The new agreement between Canada and Australia provides for an exchange of products between the two countries free of duty," said Judge DeVries. "It includes, among other things, a provision for the importation of Australian raisins into Canada. It has already been approved by the Australian Parliament but I am not sure that the Canadian law-making body has taken a similar step as yet."

The Judge stated that California ships about 30,000,000 pounds of raisins to Canada annually, on which there has been a duty of three-fourths of a cent a pound. If the new arrangement becomes effective, the duty will be increased to 1 cent.

"It is probable that by the adoption of retaliatory measures, imposing duties on Canadian imports into this country, the United States may render it unwise for Canada to ratify this reciprocity agreement, which was proposed in harmony with the policy of the British Empire to promote greater cooperation and a closer union among the different countries that constitute its dominions," Judge DeVries continued.

The American tariff act of 1922 provides for a considerable extension of the retaliatory powers relating to the tariff vested in the President to meet such situations.

There is no doubt that these power-

Man Took One
Drink but
Got Him Drunk

How much liquor consumed yesterday by Judge Hardy of the Superior Court was explained yesterday by Ed Hale, a witness in the case of Lambertson, who was yesterday of a statutory against a boy.

Hale had been waiting for some time for the case to be called. He reared up from his seat and bellowed at the judge, precipitating a Ballif Purdue made the wildly enthusiastic crowd shook him up. He quivered and was led before the court had been a warning on him and so he decided a drink in order to quiet his nerves.

"But one drink didn't do it," Hale explained. "I took another. 'How big' the judge asked. 'A half-pint,' was the response.

"Hale, it smelted the judge yesterday. Hale walked out to begin his day's jail term for common court.

WIFE IS WARNED NOT
TO WIELD VANITY CASE

If Mrs. Margaret Haldorn hits her husband with her vanity case she will be deprived of the custody of her children, Judge Guerin informed her yesterday, when she appeared before him in a hearing preliminary to trial of her suit for divorce from George Haldorn.

Haldorn had testified that she had already hit him with her vanity case. They are trying to live in the same house pending trial of the suit for divorce.

A violent quarrel between the Haldorns was precipitated in the courtroom. Judge Guerin, after quelling this, remarked:

"I don't know who is at fault in this matter. What I have seen here inclines me to believe that your home is no place for your children, anyway. You had better conduct yourself more calmly, or I will place them in the care of a third party."

Mrs. Haldorn became hysterical, and a bailiff had to lead her to a seat. In her divorce complaint she accused her husband of spending too much time with the bathing beauties at the beach.

SPECIAL TRAIN FOR
FANS AND TOURISTS

A special train will be run from the Santa Fe to carry fans and tourists to the Rose Bowl between Los Angeles and Stanford. It was yesterday. The train is advertised in the East to serve to start the annual tourist movement to the Rose Bowl according to James B. Hall, passenger agent of the Santa Fe.

FLASHES

WOMAN PRODUCER

ROSE MINTS WILL MAKE PICTURES AT UNITED

By Grace Kingsley

For some reason, women producers of pictures have been scarce. Except for Lois Weber, I really know of none, though several women directors have started off bravely, but somehow have got lost in the shuffle.

Now the business is again to feel the refining influence of woman. Rose Mints, a clever young woman, actress and artist, as well as one-time business manager of a big concern, is with us, and will start the production of pictures about the first of the year, according to her own announcement. She has a release practically assured, but isn't ready to announce it as yet.

The company will be known as the Rose Mints Productions, and will probably work at the United Studios, though this isn't certain as yet. But just to show you that Miss Mints means business, she has her capital lined up, and her story ready. The story is by Adela Rogers St. John and is said to be highly dramatic.

Miss Mints is a very young and attractive woman. She was on the stage with Florence Reed in "The Mirage," and has appeared in other productions. She has also played in pictures. However, she has no idea of directing, but will merely attend to the business end.

The woman producer is the daughter of Mrs. Bella Mints of Denver, noted philanthropist, and organizer and founder of the Beth Israel Hospital and Home for Aged Poor in the Colorado capital. Miss Mints has been in business training with her mother, and she herself traveled for an educational society when 16 years of age.

WOMAN PRODUCER

ROSE MINTS WILL MAKE PICTURES AT UNITED

By Grace Kingsley

For some reason, women producers of pictures have been scarce. Except for Lois Weber, I really know of none, though several women directors have started off bravely, but somehow have got lost in the shuffle.

Now the business is again to feel the refining influence of woman. Rose Mints, a clever young woman, actress and artist, as well as one-time business manager of a big concern, is with us, and will start the production of pictures about the first of the year, according to her own announcement. She has a release practically assured, but isn't ready to announce it as yet.

The company will be known as the Rose Mints Productions, and will probably work at the United Studios, though this isn't certain as yet. But just to show you that Miss Mints means business, she has her capital lined up, and her story ready. The story is by Adela Rogers St. John and is said to be highly dramatic.

Dante in Kingdom of Lost Souls

Lawson Butte, Appearing as Dante in the picture of the poet's "Inferno," opening at the Criterion Theater tomorrow.

blonde, who has served three years in the comedy fold, who has been signed up by J. J. Goldberg of the Hollywood Studios, Inc., to play the leading feminine role in the dramatic production, "Cold Nerve." Like many of the prominent producers Goldberg is a great believer of a comedy training to bring out the best in dramatic work. Miss Gregory was selected to play the leading feminine role in "Cold Nerve" against a field of fifteen young dramatic actresses who were being considered for the part. Miss Gregory came from Australia five years ago. She was featured in Century comedies and later with Universal where she was their youngest leading lady. Miss Gregory then signed a year's contract with Hal Roach. When she was selected to play the leading feminine role in "Cold Nerve" she was said to have splendid opportunity for blending dramatic work with comedy touches.

Marguerite De la Motte to Film

Marguerite De la Motte is going to New York. The way film folk go to New York is to take a long trip east never presented itself before. Now on December 1st, on completing her part in "The Flying Dutchman," she is going to New York to make a new production for Metro-Goldwyn-Mayer, "Cheaper to Marry." Miss De la Motte is going to film.

Elinor Glynn's New One

Elinor Glynn has chosen her next production for Metro-Goldwyn-Mayer. It is to be a pictureization of one of her best-known novels, "Man and Maid," according to an announcement by Irving G. Thalberg.

This is Mrs. Glynn's third personally supervised production. The first, a pictureization of her novel, "Three Weeks," has proved as popular with the public as the book. The second Elinor Glynn production, "His Hour," was adapted to the screen from her novel and is one of the biggest box-office attractions of the year.

REALIZES DREAM AS HE BECOMES ACTOR

When Edward Wood was a youngster attending school in a quaint Arizona village he dreamt of the day when he would be playing before a large audience in the theater. Wood's dream has come true. He is the juvenile with George Sidney in Aaron Hoffman's comedy, "Welcome Stranger," which is pleasing the managers at the Playhouse.

Louis Mack, the Playhouse producer, is given credit for the rapid advancement of Wood. His first professional engagement was in Mack's production, "The Romance," and he has since been in a series of continuous successes. As well as playing the juvenile part in "Welcome Stranger," he is the stage manager for the play.

TWO STARS LISTED FOR SURPRISE SHOW

Harry Carroll announces for his Sunday night surprise concert, of the "Pickings" at the Orange Grove Theater, the personal appearance of two famous stage and screen stars.

Taylor Holmes, noted for his stage and screen interpretations has especially prepared an act, which will include, both the "speakers" and "movies" in its program.

Baby Violet, the tiniest starlet of them all, will do a dance and song number, presenting her interesting act with the large shoes of Eddie Lambert as stage props, each shoe being about the size of the baby herself.

"CHIC" SALE HEADS NEW ORPHEUM BILL

Charles ("Chic") Sale, whose "one-man village" is an Orpheum classic, heads the bill at that house, opening Monday. Sale brings all his old delineations of characters of the rural type, and a lot of new ones, all being taken directly from life, and being true to that life now as rapidly passing.

"K" OPENS TOMORROW

"K-The Unknown," the Universal-Jewel production of the novel "K" by Mary Roberts Rinehart, is the attraction at the Cameo starting tomorrow. The cast is headed by Virginia Valli and Percy Marmont, and includes Margarita Fischer, Francis Fenney, John Roche, Maurice Ryan, Myrtle Vane and William A. Carroll. Harry A. Pollard directed.

HOLLAND CLUB PERFORMS

The Holland Dramatic Club will give a play in three acts in their native language, "Fraternal Brotherhood Hall," 545 South Figueroa street at 8 p.m. tomorrow.

SPEED COMEDY

"FAST WORKER" HITS PACE AT THE CLIMAX

By Edwin Schallert

The first and the last reels stop along and if you are among that growing group of fans who like "The Fast Worker," you will approve "The Fast Worker." It is one of the first pictures of his to be shown in some weeks, and personally I wish that he was on the screen often.

"The Fast Worker" is the current entertainment at Grauman's Egyptian Theater. It is an adaptation of the "Husbands of Edith" by George Barr McCutcheon, and is sufficiently preposterous in most of its situations to be amusing.

The plot is built around the idea of one man substituting for another. Denny, as the hero, helps out his friend, who is seeking a government contract, and has to seem to be in California and Washington at one and the same time.

The friend, as it happens, didn't inform Denny, though that the masquerade also necessitated taking into himself a wife and child. The presence of these two on the trip West is what induces most of the complications.

There is compensation, however, for the hero in the fact that an attractive blonde sister of the wife is also present. He becomes interested in her, but the attention that he pays her do not quite coincide with the plans for his stimulating the other man. It gets around the hotel where they are staying that he is an impostor, and jail and other less agreeable eventualities impend.

The final smash is an auto chase that runs at a terrific pace. It has a great assortment of thrills, and a whirling finish. It should serve to give the picture considerable popularity.

I have seen Denny do better work when the camera was not quite so forced as it is in some of the scenes, but he has a personality that is as winning as any on the screen today. He needs somewhat better story than "The Fast Worker" affords him, as yet.

Laura La Plante, who is thrust with Denny, is natural to the nth degree in whatever role she plays seemingly, and she is capital in pictures of the lighter sort. The younger, Muriel Frances Dana, is very amusing in this film.

Ethel Grey Terry is satisfactory, and the characters by Lew Meltzer and some of the others are well drawn. William Seiler directed.

A Boy Vernon comedy, of amusing quality, novelty, and music make up the balance of the program.

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

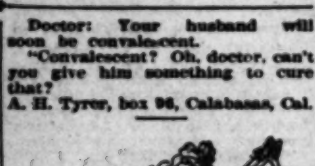

Each week The Times produces a fun entitled "Local Laughs" consisting of the funniest jokes submitted by local people. Weekly prizes are paid of \$5, \$3, \$1, and twelve of \$1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a column in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes securing honorable mention will be given a share of honor on The Times comic page each week-day, and each of these contributions will receive a suitable acknowledgment.

The fellow who on leaving the hotel room read a card on the door, "Stop! have you left anything?" then went back and took the soap and towels.
T. Lowe, 425 North Marango, Pasadena.

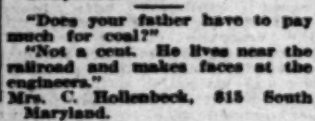

Tailor: Do you want the shoulders of your new suit padded?
Widow: Never! pad do pants.
Mrs. Clyde Hollenbeck, 815 South Maryland avenue, Glendale.

Doctor: Your husband will soon be convalescent.
"Convalescent? Oh, doctor, can't you give him something to cure that?"
A. H. Tyler, box 96, Calabasas, Cal.

Teacher: James, describe a river.
James: I don't know how.
Teacher: Think, James, how would you describe the Los Angeles River?
James: I know—a place where you get sand out of.
A. L. Clark, 9759 Yucca street, Hollywood.

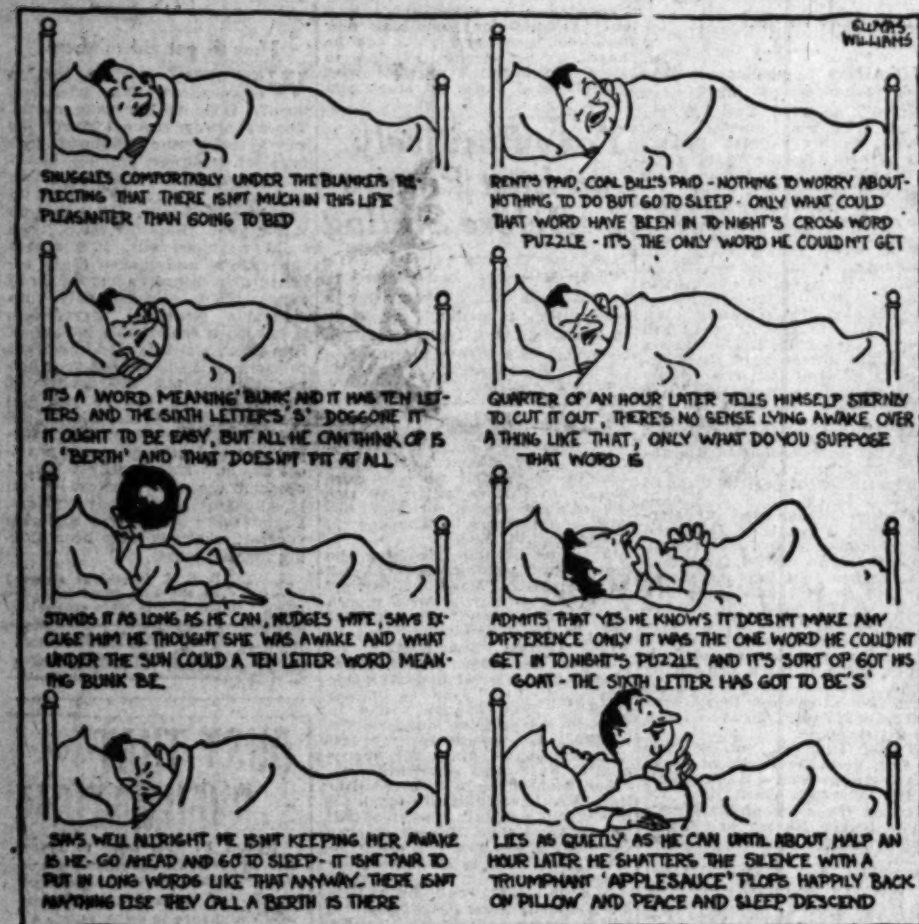

"Does your father have to pay much for coal?"
"Not a cent. He lives near the railroad and makes faces at the engineers."

A DE LUXE RADIO

At a Modest Price

NOW you can have beauty in radio without paying heavily for your good taste. Kennedy Model XI is contained in a mahogany Sheraton cabinet with satinwood and ebony inlays and makes a graceful addition to a handsomely furnished room. The dials and metal fittings are finished in gold. A loud-speaker is built in.

Combines the charm of fine furniture with the delights of hearing radio programs reproduced with like brilliancy and true musical quality. Brings in out-of-town stations with loud-speaker volume. Turn on one dial, and any station desired is found simply by turning to the dial number of that station. Batteries are concealed in neat compartments at the sides.

This graceful set is sold at the surprisingly low price of \$150.00, without accessories.

"RADIO FAIRIES" READY FOR FANS

Sandman's Book Deserving of Cordial Patronage

Good Music Found Pleasing at Early Hour

Blind Folk Will Entertain on Air Tonight

BY CLARE FORDES CRANE

Before I have anything nice to say to my family today there is a subject close to my heart which must find expression. This is a feeling of intense disappointment in regard to the manner in which you have responded to the sale of

AMBER DANA READER

Day's Entertainers

"Radio Fairies," by the Sandman. This book has been published by the Sandman with all the love of his big heart, because he was led by your letters to believe that you wished to own it. In case there is any doubt as to where it may be procured let me tell you once more that it is for sale at all leading book stores. Those desiring autographed copies may procure them by writing the Sandman, care of The Times Radio Department, enclosing \$1.50, and the book will be mailed to you. No copies obtained at the stores will be autographed. Please, dear people, keep faith with your Sandman that the edition may be disposed of before Christmas, and his dream of giving away books to the city's poor children may come true.

Now that you have been properly scolded, let us turn to the program of yesterday. The Martin Music Company and the radio department of the Beacon Light Company shared honors, and the arrangement of both concerts was done by J. Howard Johnson.

GOOD MUSIC EARLY

The noon hour marked the inauguration of a fairly good mother's realization that the people desired good music just as keenly early in the day as they did in the evening. For their artist the Martin Music Company chooses Calmon Lebowitz, violinist. The occasion was a repetition of his former triumphs. Mr. Lebowitz selected numbers familiar to his audience, with a judicious mingling of new and exquisite arrangements of old classics by Kreisler. His marvelous sonority which, once heard, can always be distinguished from others, was never more apparent than yesterday, when he gave the Scherzetto, "Ave Maria." Let us do all we can to support the movement which the Martin Music Company has inaugurated.

MADE RADIO DEBUT

Solyn L. Harris has just located in Los Angeles after three years of study in New York, and made his local radio debut last evening. Mr. Harris possesses a genuine dramatic tenor voice, which has received splendid training under Dr. F. Mario Marfotti, head throat specialist of the Metropolitan Opera house, and musical adviser of the late Enrico Caruso. Mr. Harris sang "Now Sleeps the Crimson Petal," by Quilter, and the beautiful "Benedictus," from Lalo's opera, "L'Orfede."

The Arion Trio are old and tried friends of KILL, and contributed much enjoyment with their suave and charming renditions. Lewis d'Alipolito gave several saxophone solos which afforded infinite satisfaction to the lovers of his instrument, while Hatch Graham and his side partner, Pete Burns, caused everyone to forget that there was such a thing as trouble. The matinee program was given through the courtesy of the Pacific States Electric Company and presented Louis F. Klein, harmonica and auto-harp, and Chester E. Ellsworth, tenor, accompanied by

Ovenshire Symphony Speaker

Made like a violin

Have you ever really tried to analyze the reason for the poor quality of music and speech produced by the average radio set? When your radio picks up the weak radio energy of a station, either local or distant, it amplifies it and "gets it ready" for the reproducing unit—and that is as far as it can go. It cannot, without the reproducing unit and the phones or loud speaker, give you musical or voice tones. That is purely the function of your loud speaker, as it is generally called. Understanding and admitting this, as you readily will, it should be clear to you that the quality of musical and voice tones depends entirely on your speaker. If you get "fuzzy music," noise, and general dissatisfaction out of your radio, the remedy is in replacing your speaker with the Ovenshire Symphony Speaker, the Stradivarius of radio.

"Why," you will immediately ask, "is the Ovenshire Symphony Speaker a better loud speaker than the one I now have?" A fair question, and here are a number of reasons:

1. It is made by a master of violin making, who has made a life-long study of acoustics, air spaces, tonal vibrations, metalloids and wood vibrations, and other vital elements of true tonal production.
2. The sound chamber is made of quarter-sawn spruce, matched and balanced for equal vibrational qualities just like the finest violins.
3. It gives true, rich, rounded tones throughout the entire musical register, from the lowest organ tones to the highest violin tones.
4. It gives real music, true enjoyment of your radio, and adds to the real worth of any radio set, from the cheapest to the most expensive.

Let us demonstrate this wonderful instrument to you.
